Editor's Voice

I am very pleased to present you with this new GMCANA Souvenir and Directory **COMPASSION** in time for the 18th reunion in Orlando, FL. August 31-September 2, 2024.

The title, meaning empathizing with the plight of the affected AND trying to remedy the situation, is chosen to depict the magnanimous project Maternal and Child Health Center (MCH) that GMCANA has taken up in 2022. This commitment to complete the G+5 structure, the biggest and tallest building in GGH, is estimated to cost in excess of \$11M without the government's contribution. As you all know, our kindhearted alumni are contributing at an unprecedented pace to make MCH a *Fait accompli*.

Following tradition, I tried to include several relevant articles including the remarkable **COMPASSION** that GMCANA has been able to display on your behalf over the past 35 years. You will find important information and details about some major philanthropic undertakings to help our alma mater to advance the educational and patient care objectives of GMCANA. ***We care!***

Another significant component of the Souvenir is the coveted Directory of our members wonderfully sorted alphabetically, by year of joining GMC, and by many other parameters. This has been a keep-sake reference book for valuable information about your classmates, friends, and other alumni of our beloved GMC. Incidentally, with people moving about, we are missing the correct addresses of several alumni. If you can, please help update the information by going to our website or filling out the membership update form included in this issue. Keeping the directory updated is an arduous and time-consuming process.

At this juncture, my sincere grateful appreciation goes to the leadership of GMCANA that maintained the focus on our goals and mission towards extending our **COMPASSION** despite all the hardships encountered. We thank all our contributors, donors, and sponsors. I sincerely appreciate the help from Express printers, especially designing team in completing this arduous task in a short time.

Ramaraja Yalavarthi ('67)

GMCANA Mission Statement

To help Guntur Medical College and Government General Hospital- Guntur, as the premier modern medical medical education facilities for undergraduate and post graduate medical students, staff and the medical community at large.

I earnestly regret if there are any omissions or mistakes in this magazine.

It is not intentional, and only owing to time constraints and not receiving the information or pictures in time.

President's

Perspective

Lakshmi Prasad Vemulapalli ('76)
President GMCANA

Dear Esteemed colleagues

It has been my honor and privilege to serve as President of this wonderful organization.

My tenure started after a Pandemic that changed all our lives forever in every aspect. We relentlessly worked together, not taking NO for an answer, showing our resolve as an organization by taking over a mega project which we could only dream of a few years ago. Here we are near completion of one of the crown jewels of our organization which will serve mothers and children in our Alma Mater community for generations to come.

As Sri Nara Chandra Babu Naidu, Chief Minister of Andhra Pradesh, said *"None of us is permanent. What we do is permanent"*.

With the Kanuri Ramachandra Rao GMCANA MCHC project, we have achieved the first spot for philanthropic work by alumni from any Medical College in India. I believe we are just getting started. Looking at the dedicated leaders in the wings, our alumni will only build better and fly higher from here.

I am fortunate to have been able to work with such stalwarts as Drs. Ramaraju, Ravi Kumar, Lakshmi Ganga, Krishna Kumari and Babu Sagireddy, just to name a few. I am so fortunate to have such dedicated and excellent teammates like Siva and Raman. We could not have asked for a better convener than Lal who has put such efforts into making our 18th Biennial reunion in Orlando a grand success. I congratulate our incoming president Rama Koteswara Rao and wish him all the success in fulfilling GMCANA's noble mission. The future looks bright under his leadership.

Thank you all for giving me this humbling and exhilarating experience in the leadership role of GMCANA. I will continue to serve our beloved organization as long as I possibly can.

Sincerely,

Lakshmi Prasad Vemulapalli

"Giving is not just about making a donation; it is about making a difference." - KATHY CALVIN

President Elect's

Outlook

Rama Koteswararao Koya

(1978)

President Elect GMCANA

Greetings to all my fellow alumni!

I hope this message finds you well and in good spirits. As the President-elect of our esteemed Alumni Association, it is with great pleasure that I extend a warm welcome to you all to the 18th Reunion of Guntur Medical College Alumni of North America (GMCANA).

This gathering promises to be a special occasion as we come together to celebrate our shared history and accomplishments. Particularly exciting is the progress on the Kanuri Ramachandra Rao-GMCANA Maternity & Child Health Center Project, which is scheduled to be completed in early 2025. This project stands as a testament to our collective commitment to serving communities in need, reflecting the values instilled in us during our student life at Guntur Medical College.

I am deeply honored to have been elected as your next President and humbled to follow in the footsteps of the distinguished alumni who have led our association before me. I look forward to fostering even stronger bonds among us and advancing the legacy of excellence and service that defines GMC alumni worldwide. Your presence and support are invaluable as we continue to make a meaningful impact.

Rama Koteswararao Koya

*With each word that speaks our mission,
with each action that we take We will embrace change with vision,
See the difference we can make When there is love that fills our heart,
When there is spirit in our soul, Together, we can heal the world*

Conveners' Welcome

Our Tender Beginnings.....

It feels like yesterday that we stepped into Guntur Medical College with excitement and infectious enthusiasm as we dared to dream of a career in medicine. The spring in our step was palpable. As we gather here for our reunion in Orlando to cherish and celebrate our tender beginnings, it feels no different and is as energizing as that first day after all these years. Having graduated from one of the leading medical colleges in India, we are filled with a strong sense of pride and nostalgia as we share those memories of our time spent at GMC as we come upon this moment.

The impressive colonial-era structures, the lively college environment and the demanding academic program left us with an indelible memory of the time spent at our alma mater. The eternal bonds that we developed with the institution are inseparable and have transformed us into the professionals that we are today. It was not just a place for learning but also a second home for all of us. The connections formed during those formative years continue to hold strong after all these decades.

GMCANA with its initiatives and altruistic contributions to improve standards of care, medical education and clinical training is inspiring. It sets a good platform for all of us to give back to our alma mater. Whether it's through guiding younger students or improving standards of medical education and research, we are dedicated to strengthening the roots of our institution that has bestowed so much upon us. GMCANA is a powerful support system for our alumni and the future graduates coming out of GMC. We take immense pride in our diaspora for their significant accomplishments all over the world in the field of medicine as well as spearheading various public health initiatives. Their successes are a testament to the quality of education and the enduring spirit of our alma mater.

It is our privilege to get to know all of you through this journey. We thank GMCANA for entrusting us with the opportunity for the 18th Biennial reunion. We hope all of you get to relax and enjoy sunny Florida as you reminisce about your tender beginnings.

Welcome to Orlando!

BOT - Chiar

Dear distinguished Alumni,

Welcome to our 18th Biennial meeting of GMCANA in Orlando, Florida. It is a joyous occasion to meet our Medical School friends and family.

As you all know GMCANA is doing commendable work at GMC and GGH for over thirty-five years. The most recent major project was Podila Prasad GMCANA Trauma Center and Multi-Specialty Hospital where needy patients are getting good quality specialty care that was not available to many of them previously.

On this occasion, I would like to express my heartfelt feelings about our Alma mater and our new project, KANURI Ramachandra Rao GMCANA Maternity and Child Health Center at GGH. We all got the best education from GMC and GGH thanks to our parents, great teachers and community. We paid a very nominal tuition fee for our government subsidized medical education.

Maybe all of you are giving back to the motherland in various forms including GMCANA projects. With your big support, we can make GMC a world class Institution to get the best medical education and GGH to provide the best modern Healthcare for the patients and families there.

Let us join in the efforts to make this noble project successful. On this occasion, let us remember the quote of Mahatma Gandhi on Change and Gurazada on sharing with fellow human beings.

May God bless you all.

Lakshmi Ganga

Philanthropy is an impactful experience for everyone involved period. Experience it today by making a tax-deductible donation to KANURI Ramachandra Rao GMCANA Maternal and Child Health Center.

Dear Esteemed Alumni of GMCANA,

I am very happy to know that Guntur Medical College Alumni of North America is having biennial reunion in Orlando. I am impressed by the commitment of GMCANA members for their continued support to Government Medical College, Guntur for creating good quality infrastructure and mentoring of the students to excel in their field. From the establishment of first endowment to the creation of State of Art facilities like Podila Prasad- GMCANA Super specialty & Trauma Centre and Auditorium- your contribution is nothing short of extraordinary.

I have great admiration for the extraordinary generosity of Dr. Uma Gavini, who has settled in US and has donated major part of her wealth for the development of Mother and Child Care Unit (MCCU) at Government General Hospital, Guntur. It is admiring to see many Alumni coming forward and pooling up close to Rs. 100 Crores for development of MCCU, which will go a long way and stand as a beacon of hope and healing for mothers and children in this region.

We are all very happy and grateful for your initiative to take up two additional floors on the Dr Podila Prasad Super specialty block to create transplant and other super specialty facilities at Government General Hospital, Guntur. We can assure that your generous contribution will be put to best use for the benefit of poor and needy patients visiting the hospital.

As we look towards the future, I am confident that your continued support and dedication would inspire the younger generation to contribute their might to the wellbeing of community at large.

Regards, 

(Movva Tirumala Krishna Babu)

GMC Principal's

Prerogative

Dr. T.T.K. Reddy, MD
(Foresic Medicine)

President &
Addl. Director of Medical Education,
Guntur Medical College, Guntur.

Dear GMCAMA Members,

As Principal Guntur Medical College, Guntur, I extend my heartfelt greetings to all the members of the GMCANA.

I am greatly honored and proud to be heading this wonderful institute which is also my alma matter. I will strive in my tenure for improving the academics and other activities in Guntur Medical College.

The contributions made by the members of the GMCANA are really commendable and speak volumes of their love towards their alma matter.

I appreciate old student organization (GMCANA) in our medical college recognizing their ongoing contributions and the positive impact they have on the institution and its students. I strongly believe that GMCANA often support current students by providing mentorship, scholarships, and resources. I am sure that this support will help current students to navigate their medical education and careers and create a strong network of alumni that fosters professional connections, job opportunities and collaboration among medical graduates. In addition to this it will also promote institutional growth through fund raising, donations and volunteer efforts, they contribute to the development of the college infrastructure, research and academic programmes. It may not be out of place to mention here that organization of reunions will definitely preserve the college history and culture, fostering a sense of medical fraternity and belonging, advocate them as ambassadors for the institution, enhancing its reputation and visibility within the broader medical and educational. I appreciate all the members of GMCANA for their ongoing efforts which are invaluable in ensuring that the medical college continues to thrive and evolve while maintaining its legacy and reach new heights.

I wish you all a joyous and memorable celebration, filled with nostalgia, camaraderie, and inspiration. May this occasion strengthen the bonds of our medical college community and foster a continued spirit of collaboration and achievement. I appreciate all the members of GMCANA for their ongoing efforts which are invaluable in ensuring that the medical college continues to thrive and evolve while maintaining its legacy and reach new heights.

I wish you all a joyous and memorable celebration, filled with nostalgia, camaraderie, and inspiration. May this occasion strengthen the bonds of our medical college community and foster a continued spirit of collaboration and achievement.

Please accept my heartfelt congratulations and best wishes for a grand celebration.

GGH Superintendent's

Dispatch

Dr. Kiran Kumar Yekula

Medical Superintendent,
Government General Hospital,
Guntur Medical College

Dear Esteemed Members of GMCANA,

It is with profound gratitude and admiration that I express my heartfelt appreciation for the invaluable contributions made by the members of GMCANA toward the growth and excellence of Government General Hospital (GGH) and Guntur Medical College (GMC). Your unwavering dedication and continued support have been nothing short of transformative, enabling us to elevate our standards of healthcare and medical education to unprecedented heights.

The strategic partnership between GMCANA and GGH/GMC has been pivotal in our ongoing mission to provide world-class medical services and education to our alumnus.

The Podila Prasad GMCANA Superspeciality and Trauma Center stands as a testament to your vision and commitment to fostering excellence in healthcare. This state-of-the-art facility not only enhances our current capabilities but also positions us at the forefront of medical innovation and patient care. The planned addition of two extra floors is a significant step forward, underscoring GMCANA's foresight and strategic planning. One of these floors will be devoted to Nephrology, Urology, and the Kidney Transplant block that will allow us to offer specialized care for patients with complex renal conditions. The other floor will focus on Medical Gastroenterology, Surgical Gastroenterology, and Liver Transplant services.

Furthermore, your visionary support has led to the construction of the Kanuri Ramachandra Rao GMCANA Maternal and Child Health (MCH) Block, which will house 600 beds dedicated to Obstetrics, Gynecology, Pediatrics, and Pediatric Surgery. This facility is poised to become a beacon of hope and care for countless families, ensuring that mothers and children receive compassionate and advanced medical attention. This project, estimated at Rs.100 cr, is strategically designed to cater to the underserved, extending its reach and impact across 5-6 districts in and around Guntur and will serve the entire state of AP as a referral hospital.

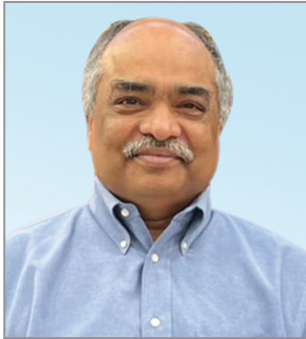

Our special thanks to chief secretary Sri M.T. Krishna Babu for extending his cooperation in a big way. We are looking forward to support for equipment/furniture from the government under our beloved visionary dynamic Chief Minister Sri.Nara Chandrababu Naidu.

The enduring partnership between GMCANA and GGH/GMC exemplifies a symbiotic relationship rooted in shared goals and aspirations. Your steadfast support has not only strengthened our infrastructure but also instilled a sense of pride and purpose within our faculty, staff, and students. This collaboration inspires us to continue pushing the boundaries of medical education and patient care. Your contributions have laid the foundation for a brighter tomorrow, empowering us to make a meaningful difference in the lives of those we serve. Together, we are shaping the future of healthcare, one remarkable achievement at a time.

On behalf of the entire Guntur Medical College and the Government General Hospital, I extend my deepest gratitude for your unwavering commitment and partnership.

Dr. Kiran Kumar Yekula

Women's Health is Societies' Wealth

Padmini Mokshangundam Murthy

MD, MPH, MS, FAMWA, FRSPH

Professor/Global Health Director New York Medical College

Focal point United Nations Academic Impact SDG #3 Hub

American Medical Women's Association Global Health Lead / NGO representative to United Nations

Introduction:

Women's Health and Human Rights is closely inter-linked and unfortunately women and girls often face discrimination throughout their life cycle. Even though globalization has changed the fabric of society, the health and human rights of women and girls remains stagnant or grows worse in many parts of the world. Some of what the statistical document is so ugly as they see incompatible with the word civilization. Women and girls in this day and age are denied their fundamental right to enjoy a complete state of health as defined by the World Health Organization. Causes include structural violence as well as lack of access and lack of prioritization of women's health including lack of specific policies focusing on the needs of girls and women throughout their life cycle.

According to a report released by the World Economic Forum and McKinsey Health Institute, addressing the women's health gap could potentially increase the global economy by at least \$ US 1 trillion annually by 2040.

It is not an exaggeration to state that investments made in women are foremost on their return when compared to many others as these efforts translate into gains for their families, the communities they live in and the economic wellbeing and future of their countries. (*1)

Women's Health and SDG #3 (Ensure Good Health and Well Being For All at All Ages)

The United Nations Sustainable Development Goal #3 targets cannot be met unless women's health across the life cycle is prioritized at many levels.

Maternal Health:

To illustrate this further SDG Target 3.1 focuses on reducing the global maternal mortality ratio to less than 70 per 100 000 live births and this is unfortunately one of the targets which is lagging. The World Health Organization has been at the forefront of advocating

for cost effective solutions in improving global maternal health indicators. As healthcare providers are aware that maternal mortality and morbidity is preventable and there is a close link between maternal health and newborn health status. (*2)

Unfortunately, in spite of technological advances, the wide use of AI in healthcare the global rates of maternal mortality continue to remain relatively high. According to a report released by the World Health Organization in April 2024 "Maternal mortality continues to be unacceptably high. About 287 000 women died during and following pregnancy and childbirth in 2020" (*3).

Local Efforts: Global Outcomes :

Since the September 1995 Fourth Women's Conference which adopted Beijing Platform of Action which specifically focused on addressing women's health and well being , there have been a number of global efforts and positive partnerships focusing on women's health and well being .

Physician Advocates :

Physicians play a crucial role not only as clinicians but as public health practitioners and advocates to improve the health and well-being of communities they live in and serve.

Best Practices :

Physician lead initiatives have been instrumental in improving women's health through grass roots efforts. For example, as members of American Medical Women's Association, we have partnered with the First Lady of the Republic Suriname in her Menstrual Equity Project and have supplied sustainable products to over 1,000 women and girls in low socio-economic communities and this has enable girls to go to school and empower women to go about their daily activities. Through the AMWA Menstrual Equity Project we also donated sustainable products to St Jude Children's Research Hospital. This team project had medical students who worked with us to design, and fund raise and additionally served as a mentoring project as well

The Climate Change Bucket project was specifically designed to assist women and girls dealing with the challenges of climate change. The bucket was designed by one of my friends Jing and myself after the COP28 (Climate Conference) in Dubai. (Please see photo below)

Partnering with the Private Sector and a NGO 1,250 buckets were shipped to the first Lady of Bahama's initiative to help women and girls. In addition, 750 buckets were sent to St Jude Children's Research Hospital in July 2024.

Conclusion

In my over 25 years of working on several projects to promote women's health globally with fellow physicians, diplomats, private sector first ladies , ministers and UN missions that the profound quote by Margaret Mead.

"Never doubt that a small group of thoughtful committed individuals can change the world. In fact, it's the only thing that ever has."

I think this is what drives us as physicians not only in practice of medicine and public health but also as advocates who want to promote gender harmony and health equity.

Women's Health Initiative: Breast Cancer

Sri Devi Ratakonda MD ('84)

Radiologist specializing in
Female Imaging and Practices in New Jersey.

One in eight women develop breast cancer and there are about 40,000 breast cancers diagnosed per year in the U.S. The data from AP is unknown given the lack of proper and accurate reporting of screening and diagnostic modalities.

An alarming number of cases are diagnosed still in advanced stages resulting in unusually higher morbidity and mortality rates. We hear many cases of breast cancer in our colleagues, parents, family friends and the ensuing deaths. Breast cancer, when diagnosed early, is treatable with a good prognosis and low recurrence rates. With the current advances in imaging and treatment options, it would be a serious neglect unless the issue is addressed immediately and acted upon.

Addressing this issue requires a multipronged approach-

1. Conducting appropriate screening for early diagnosis- establish protocols for biannual mammogram exams in women 40 and above.
2. Securing government funding to drive these screening measures for far outreach in the communities.
3. Implement Public education measures to reduce the stigma behind the screening process and the importance and effectiveness of the screening process needs to be addressed.

One aspect of medical practice in India where I see tremendous improvement can be made is having a collaborative approach to a case rather than each person individually doing their part and not discussing with the other team members involved.

Step one requires acquiring state-of-the-art digital mammography equipment 2D or 3D as the funding dictates.

b. Key to good diagnosis rests on good imaging and that entails proper technologist training with continued CME offerings to maintain and improve on the knowledge in the field.

c. Establishing subspecialty fellowships in Breast imaging, Surgical oncology, and radiation oncology plays a critical role in treating the cases to obtain better results.
d. Conducting mandatory tumor board conferences in teaching hospitals as well as private multi-specialty hospitals, plays a large part to optimize outcomes in a coordinated fashion.

e. Adding curriculum modules to medical education will bring lasting impact on the overall women's health. Curriculum should include education on appropriate screening guidelines, Breast cancer genetics, Art of obtaining good family history, understanding of pathophysiology breast cancer. Students should be able to perform proper breast exams as well as help patients understand the techniques for self-breast exams.

f. Last but not the least are public health measures necessary which can play a significant role in raising awareness on breast exams, screening mammograms via news articles and health channels. Feeding news outlets on the importance of breast exams, self breast exams, going for mammography studies, and educating public on risk factors including family history.

Each measure with time will improve the overall outcome in reducing the mortality and morbidity from breast cancer.

I believe with adequate funding to incorporate all the above measures will truly make a difference in women's health. Andhra Pradesh can lead the nation by implementing these measures and show improvement in outcomes in women's health.

EASE AP

(Emotional Assessment of Students
by Educators and referral in AP)

Aparna Vuppala ('86)

Board certified Child and Adolescent Psychiatrist, Huntsville AL, USA
Medical Director, EASE AP

EASE AP programme, an AAPI initiative, launched Jan 6, 2023 at AAPI Global Health Care Summit is a statewide intervention to address the growing crisis of youth suicide in AP (India has the highest youth suicide rate of any country since 1967). Suicide is a complex, multifactorial issue especially in the case of medical students and physicians (2.5 times more than the general population). One of the 5 initiatives of EASE AP is aimed at addressing the mental health of medical students in the state and prevent their suicides. Others being 1) training master trainers to facilitate cascade training 2) training all faculty in Intermediate colleges and schools 3) training psychologists, psychiatric social workers and helpline workers in child/youth counseling and referral and 4) training opportunities for all psychiatrists in AP (including pgs) on child psychiatry. The National Medical Commission issued a right to information (RTI) response in April 2023 which concluded that 64 MBBS and 55 postgraduate medicos died by suicide in the last 5 years and 37,000 medical students reported mental ailments. Additionally 1,166 students dropped out of medical colleges. In the study "Suicide deaths among medical students, residents and physicians in India spanning a decade" 2020-2019, 70% of the 358 suicide deaths were attributed to medical students, residents and physicians aged 30 or less. Academic stress, marital discord and mental ill-health were the three most noticeable reasons for suicide. At least 26% had exhibited suicide warning signs and 13% unsuccessfully sought psychiatric help before ending their lives. NCRB data shows 10,335 student suicides in 2019, 12,526 in 2020, 13,089 in 2021, 10,204 in 2022; suicide victims that have graduate education and above account for ~5%. Andhra Pradesh accounts for ~ 5%. The collection of data involves many flaws and do not adopt medical classificatory system in addition to being under-reported (actual numbers are perceived to be 4 times more). It was not until 2017 that suicide was decriminalised by overturning section 309 and many states are struggling to implement the Mental Health Care Act 2017 and National Suicide prevention strategy launched in Nov, 2022. The reasons being a) no concept of child/youth mental health b) lack of resources and expertise to identify those that need help in schools c) lack of a regional database for referral d) lack of child/youth specific mental health training including CBT in psychologists and psychiatric social workers e) lack of

child/youth specific psychiatry training in psychiatrists (we have only one trained child psychiatrist in the whole state of AP) and f) lack of awareness and stigma contributing to not seeking help & non compliance. The EASE programme will be following globally accepted best practices for preventing student suicides; will follow the 'UM-MEED' (Understand, Motivate, Manage, Empathise, Empower, Develop) guidelines proposed by Government of India. In this regard this programme will be a pioneering proactive state wide measure as it will address the lack of infrastructure in the area of child/youth mental health in a unique and practical way and be a game changer in youth suicide prevention in Andhra Pradesh, the first of its kind in India. The training partners are SPIF- Suicide Prevention India Foundation and QPR India located in Bengaluru. QPR training is recommended by the Govt of India as a standard for suicide prevention. The 1 hr gatekeeper training in the US costs approx. \$30 and it is deeply discounted at Rs 100 for EASE AP. Each student gets access to the 1 hr online self paced training (done on college campus and supervised by faculty) and access to many resources after the training. The full day peer mentor training is discounted at Rs 240 per student and will be in a conference room at college that accommodates all students and has access to projector/virtual training so students can support each other with good mental hygiene. Funding for medical students suicide prevention training in 2023 has been provided by AAPI. Training was conducted in collaboration with DME at 16 Govt colleges, QPR India and SPIF. Part 1 QPR gatekeeper training for 3344 first year medical students was completed Dec 23 / Jan 24 with plans to conduct Part 2 Peer mentor training in 2024 contingent upon facilities conducive to training. Training will be done under the supervision of college faculty including Vice Principal-Academic and Psychiatry Department faculty who are available to respond to students on site if needed during the training. Helpline info and soft copies of stress management booklets (in Telugu and English) are also provided to all students.

Thank you for your interest in Ease AP.

*"The Test of Civilization is in the way that it cares
for its helpless members."*

- PEARL S. BUCK

HISTORY OF GMCANA

V. Chowdary Jampala (72)

GMCANA, with its activities on many fronts to benefit the alumni, the alma mater, and the general public, has become the model to emulate for many other alumni organizations. Since its beginnings in an overcrowded classroom in Oak Park and River Forest High School 41 years ago, it had been, to say the least, an interesting and highly productive journey. I recount here the major milestones and achievements along the way.

1981

May 24: Alumni of Guntur Medical College gather at the Third TANA Conference in Oak Park, IL, and decide to form an organization of their own Guntur Medical College Alumni of North America (GMCANA) in order to meet the goals of raising resources to promote teaching and patient care needs at Guntur Medical College and its affiliated institutions and serving the needs of the alumni in North America.

Dr. Ramaiah Samala (54) was elected as the First President, Dr. Seetharama Rao Bobba (60) and Dr. Babu Rajendra Prasad Dandamudi (64) as officers. Dr. Rama Rao Kaza (65) took the lead in drafting the constitution. December 31: GMCANA was incorporated as a Not-for-Profit Corporation in the State of Missouri.

1989

September 24:

First **GMCANA Grand Reunion** and Convention was organized at the Rosemont Westin Hotel in Chicago under the leadership of Dr. Sri Krishna Murthy Nuthi (59), President, and Dr. Ramaraja Bhushanudu Yalavarthi (67) Convenor.

Decision made to have GMCANA Reunions on a regular basis and to draft a new constitution. **An Alumni Building Project was proposed** and \$100,000 was raised for this purpose almost immediately.

1990

November 911: Second Reunion at Nashville. Dr. Ramaraja Bhushanudu Yalavarthi was installed as President; **New Constitution adopted.**

First endowment, CG Ramamurthy Memorial Fund in Obstetrics and Gynecology, was initiated.

1991

Publication of the newsletter, Alumni News, began. Dr. V. Chowdary Jampala (72) was the first Editor.

1992- 93

August 2123 : Third Reunion at Falls Church, VA. Rangaraya Medical College alumni decided to combine their reunion with the GMCANA reunion (RMC continues to have their reunions together with GMC since then. Kurnool Medical College, Andhra Medical College, and Siddhartha Medical College alumni also celebrated their reunions along with GMCANA at different times). Dr. Sriharidas Kanuru (60) was installed as President and **Dr. Seetaramarao Bobba took office as the first Chairman of the Board of Trustees.**

New endowments were set up at GMC to provide continuing medical education in Cardiology, Internal Medi-

cine, Maternal and Fetal Medicine, Surgery, Pediatrics, Orthopedics, and Health Education. A copy machine was purchased for use at GMC.

1994-95

August 1214, 1994. Fourth Reunion in St. Louis. Dr. Mangaraju Vanapalli (58) was installed as President. Books and journals supplied to the GMC Library. The Alumni Building Project got stalled due to bureaucratic hurdles.

1996

August 911. Fifth Reunion in Atlanta. Dr. V. Chowdary Jampala was installed as President and Dr. Mani Akkineni (96) as the Chair of Board of Trustees
GMCANA entered the electronic age with its own web site at www.gmcana.org with the initiative of Dr. Ravikumar Tripuraneni (71), Chairman of Communications Committee. The web site has become a major communication tool for the organization. A bust of Dr. D Jagannatha (DJ) Reddy was installed by GMCANA at GMC.

1997

Development of Strategic Plan : Sri Rayapati Sambasiva Rao, Member of Parliament, Guntur, brought a request from the Superintendent of the Government General Hospital (GGH) asking for help to rejuvenate the hospital and help with the training resources. Drs. Venkata Subbarao Uppuluri (63) and Aruna Prasad Kancharla (60) visited GMC and GGH in 1997 on fact-finding missions and consulted with the leaders of the two institutions as well as local alumni. Dr. Jampala and the Executive Committee developed a strategic plan for the rejuvenation of the institutions.

Andhra Pradesh State Government approved Dr. Jampala's request to appoint a Special Officer for development of GMC and GGH.

1998

August 1416: Sixth Reunion in Pittsburgh. Dr. Aruna Prasad Kancharla (60) and Dr. Ammani Dasari (57) were installed as President and Chair of the Board of Trustees.

November 11: Executive Committee refines the strategic plan with a focus group meeting in Chicago.
The organization defined its mission: *"To help develop Guntur Medical College and Government General Hospital Guntur, as premier modern Medical Education facilities for undergraduate and postgraduate medical students, staff, and medical community at large".*

1999

Active fundraising was conducted in many cities. In a period of twelve months, GMCANA, with large donations from the alumni, provided GGH an Xray unit, a fetal ultrasound monitor, a chemistry analyzer, a modern threeroom operating theater, and a large number of textbooks to the library. A Research Endowment Fund and a Scholarship Fund were established at GMC. A Continuing Medical Education Center with three computers, multimedia software and internet access was established along with an additional reading room with a capacity for 60 students. In addition, an electronic teaching microscope with TV attachment for the department of pathology, a bronchoscope and PFT machine for the Govt. Fever hospital and an image intensifier for the Xray department were also donated.

2000

August 46 : Seventh Reunion in New York. Dr. Venkata Subbarao Uppuluri (63) was installed as President and Dr. Ramarao Kaza as the Chair of the Board of Trustees.

Active communication among GMCANA, GMC, GGH and Government of AP helps build trust to improve

the parent institutions. Efforts began to renovate the Government Fever Hospital and donations of various other equipment.

2001

Dr. Uppuluri and the GMCANA leadership developed a **Comprehensive Proposal for Improvement of Medical Education and Teaching Hospitals in Andhra Pradesh** and presented the proposal to the Chief Minister in December 2001. The Chief Minister agreed to implement some of the changes recommended in the proposal including opening the hospital for paying patients. **GMCANA initiated a new campaign, "WE CARE!"** to rally the necessary support for the development of our parent institutions in Guntur. This slogan has now come to embody the attitude of all concerned alumni and staff and is instilling a sense of pride and achievement.

2002

April: **Groundbreaking Ceremony conducted for the GMCANA Auditorium.** This project (formerly Alumni Building Project) finally got off the ground with a combination of funds from GMCANA and the state government and construction began.

August 31 – September 2: Chicago hosts another

Grand Reunion (Eighth). Dr. Ravikumar Tripuraneni and Dr. Veeraiah Chowdary Perni (64) were installed as the President and Chairman of the Board of Trustees. Following a wellorganized presentation by the Executive Committee about the progress over the past two years including the groundbreaking of the GMCANA Auditorium, the Chief Guest, Dr. Anji Reddy, made an emotional presentation about the efforts to improve the conditions at GGH and GMC. The properly impressed alumni responded generously with large donations to ensure the completion of the auditorium project.

November: K. Ramakrishna Rao, Collector of Guntur District, took charge as the Chairman of the newly constituted **Hospital Development Society** and met with the GMCANA leadership during a tour of the USA. Impressed by the vision and commitment of GMCANA, he made serious efforts to transform GGH into a topclass facility. Under his leadership, the hospital was rapidly computerized.

2003

GMCANA sponsored courses in basic and advanced life support at GMC/GGH and provided equipment to the newly started Intensive Care Unit and helped expand services in the Pediatrics, Physiotherapy, Postoperative Recovery and OB/Gyn units. A new Iridium Brachytherapy Unit, an additional wing at the Government Fever Hospital Building and the ENB Sarma Subspecialty OR sponsored by GMCANA were dedicated.

2004

September 46: Ninth Reunion at Anaheim, California. Dr. Gowtham Mulpur (75) and Dr. Sriharidas Kanuru (60) were installed as the President and Chairman of the Board of Trustees. A Neonatal Intensive Care Unit was opened at GGH; monitoring equipment worth more than Rs. 20 lakhs has been shipped from US; the CME Center was upgraded; and a corpus fund for the maintenance of the auditorium and sponsoring of continuing educational programs was established.

2005

January 2123: **Inauguration of the Auditorium and Global Alumni Homecoming in Guntur** was organized by GMCANA together with GMCOSA (Guntur Medical College Old Students Association at Guntur) and with Guntur Medical College Graduates of UK.

The Homecoming, a Grand Celebration over three days, attracted a large number of alumni. The festivities included the inauguration of the new GMCANA Auditorium, our loving gift to our alma mater and the city of Guntur. The students celebrated the occasion by holding the first College Day function in almost a decade. It was a weekend of memories for all the attendees.

July: Dr. Nagarjuna Reddy Ponugoti (72) was installed as President at the General body Meeting in Detroit.

2006

September 24 : The Silver Jubilee Reunion of GMCANA at Orlando, Florida. Dr. Umadevi Gavani (65) was installed as the President of GMCANA as was Dr. Nageswararao Latchamsetty (60) as the Chairman of the Board of Trustees, This Tenth Reunion was significant for the leadership roles taken by another new generation of GMC alumni. Dr. I.V. Subbarao, Secretary of Health, AP, addressed the meeting, discussing the role of publicprivate partnership in maintaining the government institutions in the new millennium. Access to the auditorium was improved with the demolition of the infamous Deyyaala Meda, and construction of a new access road directly to the auditorium with more convenient parking.

2007

July: A major achievement during this period was **laying the groundwork for the Podila Prasad GMCANA Superspecialty and Trauma Center**. The Government of Andhra Pradesh and the Hospital Development Committee were planning to construct a new Millennium Block at GGH and sought GMCANA's involvement in developing the superspecialty units. Dr. Podila Venkata Prasad (81) came forward to generously donate Rs. 5 crores for this purpose. Sri K. Rosaiah, then Health Minister, agreed to provide a matching grant of Rs. 5 crores. After announcing this at the General body meeting at 14th TANA conference, the then Health Education minister of AP, Mrs. Galla Aruna Kumari, and GMCANA signed a Memorandum of Understanding.

December 3: The **foundation stone for the Podila project was laid**.

Ten lecture galleries at GMC were renovated and modernized. Four new Endowments were established

in the departments of Obstetrics and Gynecology, Surgery, Internal Medicine and Physiology.

2008

February: The collaboration between GMCANA and the Rotary Club of Stockton resulted in a donation of equipment worth Rs. 16,81,000 to GGH. The equipment includes a Colonovideoscope, a Multichannel Monitor, EKG Machines, a Colonoscope, a Biological Microscope and a Drill system for Orthopedics.

May: GMCANA donated 15 beds to pediatrics, 50 beds to the newly constructed Obstetrics Building and 30 beds, a BiPap machine and nebulizers to the Fever hospital.

GMCANA took an active role in the Diamond Jubilee Celebrations of the *alma mater*, sponsoring the publication of the souvenir and hosting a celebratory dinner for students and staff. A laptop computer and an LCD projector were donated on this occasion for the Sushrutha Hall at GGH.

August 30-September 1: Eleventh Reunion at Dallas. Dr. Satyanarayana Nelluri (81) and Dr. Bhaskara Murthy Ponnuru (63) were installed as the President and Chairman of the Board of Trustees. After unveiling the

construction plans for the Podila Prasad GMCANA Superspeciality & Trauma Centre, the official fundraising campaign was launched during this reunion and the attendees responded overwhelmingly.

2009

February: Gymnasium and Recreation Center for Students were inaugurated in the memory of our beloved teacher Dr. Nuthakki Venkateswara Rao.

GMCANA equipped all lecture galleries with modern audiovisual facilities, renovated the library, and began providing electronic library services. Dr. Sriharidas Kanuru came through again with the Pediatric Water Project ensuring running water supply to the pediatric unit.

The Rotary Club of Stockton continued to support GMC/GGH with sophisticated equipment worth Rs. 4 million.

2010

September 46: St. Louis played host again for the 12th Reunion. Dr. P. Babureddy Sagireddy (83) was installed as the President and Dr. Bhaskara Murthy Ponnuru continued as the Chairman of the Board of Trustees. Once again the alumni came through with generous donations for the Podila Prasad GMCANA Super Speciality & Trauma Centre.

2011

The state government increased its commitment for the Podila Project to a total of 10 crores and GMCANA matched the amount. Construction on the project proceeded briskly.

2012

April: GMCANA conducted a workshop and trained 182 physicians and students in BLS and ACLS.

July: Classes of 62 and 72 contributed to airconditioning the GMC Library, lecture galleries and the reading room in Men's Hostel.

GMCANA Trust in India received FCRA clearance.

September 13 : Chicago is the place once more for the 13th Reunion. Dr. Lokeswara Rao Edara (76) and Dr. Venkata Subbarao Uppuluri were installed as the President and Chairperson of the Board of Trustees respectively. Updated GMCANA web site was inaugurated. The Principal of GMC and the Superintendent of GGH attended the Reunion. More Funds were raised for the SuperSpeciality Center

2013

Dr. Oruganti Kirshnamurthy (72) was appointed as the Database Coordinator for GMCANA. We now have information on about 1800 alumni in North America, and the number keeps increasing.

The auditorium got an infrastructure upgrade, with installation of an elevator and new flooring on the Dias and added more capacity to the airconditioning and the generator systems.

2014

January 1719. GMCANA, along with the other alumni organizations, students and staff of GMC and GGH celebrated the Second Global Alumni Homecoming on the occasion of the long-awaited opening of the Podila Prasad GMCANA Super Speciality & Trauma Centre.

On January 18, 2014, the Governor of Andhra Pradesh, Sri ESL Narasimhan inaugurated the new building amidst an excited gathering of alumni, staff, trainees of GMC/GGH and the citizens and civic leaders of Guntur. A gleaming four storied structure with more than 1 lakh square feet of integrated and well-designed floor space proudly proclaimed the contributions of a committed alumni body to their alma mater and the people of the region that nurtured them.

May 2425. 14th Reunion in New Orleans. Dr. Venkateswara Rao Dharmavarapu ('80) was installed as the President and Ramaraja Yalavarthi as the Chairman of the Board of Trustees.

2015-2016

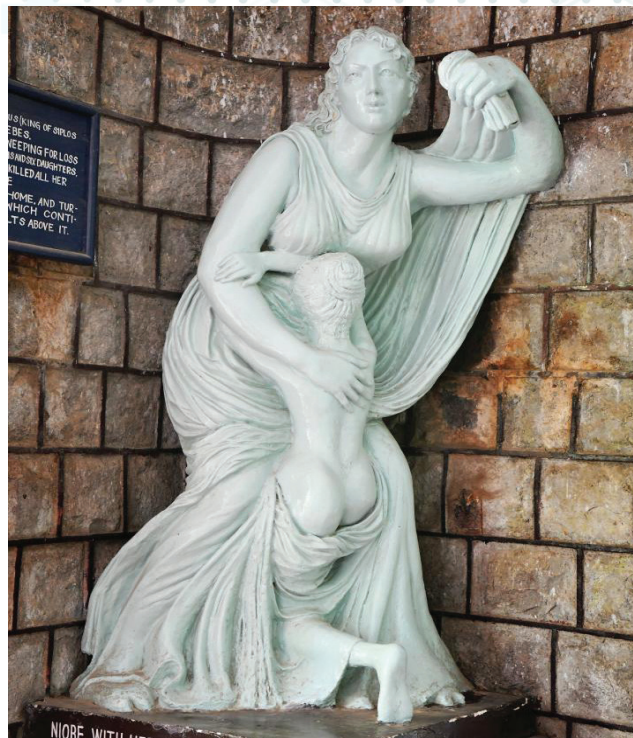

GMCANA has been very actively and continuously involved in improving the facilities and patient care at the newly built Podila Prasad GMCANA Superspeciality & Trauma Centre. Within a short period of time, this state of the art facility became the setting for **the first openheart surgery, and shortly after, the first heart transplant** in the new state of AP, performed by a dedicated alumnus Dr. Alla G. Gokhale and his team. Several kidney transplants and dozens of Total Knee Replacements have been performed in the Modular Operating Theaters. It also houses the first of a kind Stroke Center and advanced cardiac services. With the help of Rotary club, GMCANA has provided several ventilators, monitoring units and physiotherapy equipment to the Neurology department.

September 25, 2016: The 15th Reunion in San Antonio, TX. Dr. Sambasivarao Sukhavasi (72) was installed as the President. Three Padma Sri Award receiving alumni of Guntur Medical College Drs. Nayudamma Yarlagadda, Gopichand Mannam and Gokhale Alla were honored at the reunion. Following an impassioned presentation by Dr. Pratap Mouli Venigalla (98), a second generation alumnus, a decision was made to start a GI Center of Excellence at the GGH and funds were raised.

2016-2018

GMCANA sponsored the **first "White Coat Ceremony"** at GMC for incoming freshers, the first of its kind in India, in 2016. Dr. Ravikumar Tripuraneni with the help of Telikicherla Foundation organized the event with all the incoming freshmen being cloaked with White Coats in presence of their families. This has now become an annual event. Our past president, Lokesh Edara, took this idea to AAPI, and now all 450 medical colleges in India are organizing this event pioneered by GMCANA and GMC.

Maternal and Child Health (MCH) Center: Ever mindful of the needs of the people of the Guntur region, GMCANA decided to embark on its most ambitious project yet the multistoried MCH Center, with 600 beds at the cost of Rs. 60 crores, in partnership with the state government of Andhra Pradesh.

With the help of the Rotary Project of Stockton and Guntur Rotary Club, we have donated ventilators and physiotherapy equipment to the Department of Neurology and ventilators, monitors and xray machine to the Trauma Center at a cost of about Rs one crore. Drs P. Babureddy and Ravikumar Tripuraneni helped coordinate these projects. We also donated special equipment to the Departments of Urological and Cardiac Surgery.

We are excited to partner with the NATCO Trust, founded by Sri N.V. Chowdary of NATCO Pharma, in making more services available to the people at the Government General Hospital. NATCO trust has already donated various equipment, facilities and shelters to GGH. Building of a **70 bed Comprehensive Cancer Center** was started at GGH at a cost of Rs 40 crores with stateoftheart equipment including Linear Accelerators and a Special Oncology Unit for Chemotherapy. NATCO Trust has adopted the entire Department of Pediatrics and completely renovated the old pediatric wards and NICU and built a new 43 bedded airconditioned general ward. The Trust donated sleep lab equipment to the Department of Neurology and is planning to help improve the Laminar Flow Operating Room for the Department of Orthopedics to perform total joint surgeries at GGH along with building and equipping a Surgical ICU.

Work also began on establishing the GI Center of Ex-

cellence. Some necessary equipment such as electrocautery argon plasma, UPS etc. were procured from existing GMCANA funds.

The Neurology department under the leadership of Dr. Sundarachary made great strides establishing a NeuroICU and a Stroke Center.

Dr. Gokhale's team **completed 500 cardiac surgeries, including four heart transplants**, at GGH. That our GGH could accomplish this was unthinkable only a few short years ago. The achievement of GMCANA is not merely erecting a building, but the establishment of an unlimited opportunity for improved healthcare and training.

September 13, 2018 : The 16th Reunion at Atlanta. Dr. Sreenivasa Reddy Alla (83) was installed as the President. Dr. Veeraiah Chowdary Perni (64) became the Chair of the Board of Trustees. Dr. Jayaprakash Narayan (72), IAS, alumnus and National Chairman of Lok Satta, and Sri Kona Sasidhar, IAS, District Collector, Guntur, provided the keynote addresses.

2018-2022

The world went through a major upheaval due to the COVID pandemic. GGH became the regional referral hospital where the heroic healthcare staff at GGH struggled hard providing excellent care even as the daily census at GGH often exceeded 1200 during the peak COVID periods. GMCANA rallied to support them fully, purchasing PPE kits locally, and then supplying over 70,000 masks, 60,000 pairs of gloves, 2000 quality PPE kits, face shields, head caps and protective goggles for the use of staff at all levels at the hospital and college. Several oxygen generators were also donated in collaboration with AAPI and other donors. **The generous donors of GMCANA gave more than \$125,000 for COVID relief activities.**

During this period NATCO supported the Comprehensive Cancer Center and the GI Center of Excellence became operational. DM training programs were approved in Radiation Oncology and Neurology. GMCANA built a reverse isolation room for cardiac surgery patients and donated video and EEG equipment to the neurology department.

GMCANA Auditorium is completely refurbished with a new sound system, a new LCD projector and cosmetic improvements; all lighting was changed to the ecofriendly LED systems. A transformer was installed so that generators do not need to be used except in emergencies.

The old auditorium on top of the library was also completely renovated and airconditioned. Several lecture galleries were also renovated and airconditioned with the 1979 batch contributing to the renovation of the SPM Lecture Gallery.

Work on the **Maternal Child Health Center (MCH)** building did not progress much during this period. Unrelenting efforts by the GMCANA leadership resulted in a new memorandum of understanding was signed with the Govt. of AP on June 20, 2022, so that GMCANA can resume the building of a **7 story, 670 bed, stateoftheart hospital building at a budget of Rs. 85 crores.**

Dr. C. Padmavathi, Principal of GMC, and Dr. N. Prabhavathi, Superintendent of GGH and Additional Director for Medical Education, have been proactive in taking up infrastructure development activities at our *alma mater*.

Dr. K. Basavapunniah, who served GMCANA and GMC/ GGH for several years, decided to retire from the position of the Chairman of GMCANA Trust in Guntur after 20 years. Dr. K. Kaladhar took on that responsibility now.

2022-2024

Construction of Kanuri Ramachandra Rao GMCANA MCH Center resumed after a long pause. Fundraising efforts were ramped up by the leadership. After a generous donation of \$2.5 M by Dr. Uma Gavani, Sponsorships kept pouring in, thanks to the kind hearted alumni. The building committee under the leadership of Dr. Babureddy gained momentum and the structure is set to be completed by early 2025.

The 17th Biennial Reunion of GMC, RMC and SMC in Dallas, TX was very successful under the direction of Dr. Srinivasa Reddy Alla. The gala event was a great platform to realize substantial donations to MCH Center. Dr. Lakshmi Prasad Vemulapalli (76) and Dr. Lakshmi Ganga (66) were installed as President of GMCANA and Chairperson of the BOT respectively.

*"Alone we can do so little...
together we can do so much."*

- HELEN KELLER

Thanks!

Several people in Guntur have been helpful to GMCANA in achieving the above. Besides the administrations of GGH and GMC, many local alumni and faculty from Guntur have been instrumental in these projects. Late Dr. Nuthakki Venkateswara Rao, with his impeccable credentials, vision, charm, and persistence, tirelessly promoted the development of the Hospital and Medical College as the Local Coordinator of GMCANA and helped the organization steer clear of the bureaucratic and interpersonal roadblocks. With his passing away, GMCANA lost an important ally. Since our last reunion, we lost another main strength of GMCANA, Dr. K. Vasudeva Rao (58), who took on this leadership mantle from Dr. Nuthakki.

Drs. Fayaz Ahmed YVS Prabhakar (69), Venigalla Balabhaskara Rao (71), K. Basavapurnaiah, Gade Krishnamurthy (71), and PV Hanumantha Rao (72) have been of immense help over the years as liaisons between GMCANA and GMC/GGH, spending countless hours. Dr. Anji Reddy, first as the superintendent of GGH and later as the Director General of Medical and Health Services for AP, provided the important administrative leadership to create the necessary atmosphere to bring back GGH's eminence as a premier medical center. Dr. Gopichand Mannam (73), past President of GMCOSA, has been an important ally in the ongoing development projects, helping us every step of the way.

Also important was the leadership provided by the previous District Collector, Sri K. Ramakrishna Rao, under whose direction, the Hospital Development Society has become very proactive in securing and maintaining the necessary resources for GMC and GGH. The District Collectors continue to help the institutions. Successive Principals and Superintendents have been forceful in implementing positive changes as did many of the faculty.

Local civic leadership's support also has been crucial; Sri Rayapati Sambasiva Rao, MP, has been a staunch ally. Sri Sambasivarao and Sri Modugula Venugopala Reddy supported the Podila Project with generous allocations from MP LADS funds. During the last few years, the then health ministers Sri K. Rosaiah, Srimathi Galla Aruna Kumari and Dr. Kamineni Sreenivas have been extremely helpful in developing a real publicprivate partnership in developing GMC and GGH. The initiatives taken by the former Principal Secretaries of Health, Sri J. Satyanarayana, and Sri L. Subrahmanyam have been critical to the progress of the Podila Prasad GMCANA Superspeciality & Trauma Centre. The current Health Minister, Srimathi Vidadala Rajini and the Health Secretary Sri MT Krishnababu were instrumental in completing the MOU permitting the resumption of the construction of the MCH Center. We heartily thank each and every one of them. Thanks are due to the successive Principals, Superintendents, HDC Chairmen and the successive Health Secretaries and Ministers of Health.

All of this could not have happened without the generosity of the caring members of GMCANA, GMC of UK and GMCOSA. With new vigor, focus, and dedication, GMCANA, thanks to its large hearted donors and a strong volunteer force, continues its unrelenting Compassion and commitment to attaining its goals.

WE CARE!

Pillars of GMCANA

Ravikumar Tripuraneni ('71)

GMCANA was established in 1981 with the altruistic mission of transforming our beloved alma maters into modern healthcare and teaching institutions. The organization has grown in leaps and bounds with the abundance of enthusiastic participation from many of GMC alumni. Since the first Grand Reunion in Chicago in 1989, GMC alumni have been meeting every 2 years without fail. We are embarking on our 18th Grand Reunion in Orlando.

We publish a wonderful comprehensive Souvenir and Directory at every reunion. We took up countless projects from Xerox machine to Auditorium, Podila Multi-specialty and Trauma center, and now the mega Kanuri MCH Center, with many smaller but meaningful improvements along the way. We established 15 annual awards for academic achievements and 10 permanent Endowments at GMC. There are many illustrious alumni leaders that directed GMCANA in these endeavors successfully. One person that consistently and tirelessly pushes forward to accomplish the goals at any cost is **Ravikumar Tripuraneni ('71)**.

He makes an impression on the administrative officials and political leaders with GMCANA's commitment and credibility by delivering the projects we promised. Over the last 4 decades, GMCANA has contributed over \$20 Million towards achieving our mission, much

to the envy of many other alumni associations. Ravi always spearheads the fundraising efforts for every GMCANA undertaking and energizes everyone else involved.

Ravi makes multiple trips every year to Guntur, mainly to see his parents and family. But no matter how short his visit is, he spends most of the time at GMC and GGH reviewing our projects, assessing the needs, meeting with local philanthropists and physicians to motivate them to get involved. Everyone in Guntur knows Ravi by first name.

Ravi, for decades, almost singlehandedly managed the complex task of updating our membership database and publishing the directory in every souvenir with detailed contact information of 1800 plus alumni. The directory includes extensive data about our members by the year of joining GMC, state of residence, specialty, and even a list of couples. Many alumni associations struggle to garner this kind of information even with full time paid staff.

Ravi works closely and on a personal level with our coordinators in Guntur speaking with them at all hours of day and night. He coordinates GMCANA awards ceremony at GMC every year. His passion for our alma maters and GMCANA is infectious. He is instrumental in engaging many younger alumni from here and in GMC and GGH to be the torchbearers of the future.

Ravi served GMCANA in many capacities, including President 2000-2002, Trustee, Building committee, Web development, Endowments committee and so on.

Truthfully, without Ravikumar's selfless untiring efforts, GMCANA would not have fulfilled half the goals aimed for. Hats off to **Ravi Kumar Tripuraneni** for his tenacious perseverance.

Kanuri Ramachandra Rao GMCANA MCH Center

In 2013, as part of improving the dismal maternal and child mortality rates, the Central Government of India has sanctioned Rs 12crores to the state of Andhra Pradesh (AP) to build a Maternal & Child Health facility at GGH with an additional funding of Rs. 8 crores from the government of AP. The AP government has approved the construction of a building with only G+ 1 floor with these funds. The physicians in the department of Obstetrics & Gynecology and Pediatrics at GGH felt that this facility is totally inadequate to meet even the current needs.

Having learned about this project in 2015, GMCANA leadership has engaged in discussions with multiple authorities in the administration of then Chief Minister of Andhra Pradesh Sri N. Chandrababu Naidu. We were able to convince them of the need for a much bigger, modern building with a Cellar and G+5 floor facility that would provide a well-designed functional space and state of the art technology to meet the needs of maternal and child health care at GGH. This building boasts a 2,69,245 sft of space that will house 300 OB & Gynecology, 200 Pediatrics, 27 PICU, 30 SICU and 40 NICU beds.

A 300-seat conference hall in the 5th floor, named in honor of Dr. K. Vasudeva Rao will be part of this new building. Thanks to the generous contribution from his surviving family members. The total cost of the proposed facility

was estimated at about Rs. 65 Crores. Sri. Kona Sasidhar, IAS was instrumental in finalizing the MOU following the reunion in Atlanta in 2018. A Public Private Partnership agreement was reached in February 2019 to start this project with Cellar, G+1 floors to be constructed by APM-SIDC with 35 crores contributed by government of AP & India. GMCANA has promised 30 crores to construct the remaining 2, 3, 4 & 5th floors. Architectural Plan was developed by renowned architects Bhargava Associates.

The construction of the project started with great enthusiasm and hope in August 2019 and progressed well until the Global COVID-19 Pandemic hit in March 2020 when the construction came to a halt. As things were returning to normal in spring of 2021, the contractor was not able to resume the construction due to the lack of funds from the government of AP. Knowing the imminent need for the care of mothers and children, GMCANA made a courageous decision, counting on the generosity of our alumni, to step in and take over the responsibility of building the entire MCH center. It is unconscionable to ignore the plight of pregnant and post-partum women sharing beds with newborn babies.

Thanks to the tireless efforts of our building committee members, notably Dr. Gopichand Mannam (75) and our president Srinivasa Reddy Alla (83), we were able to have several meetings with the honorable Health Minister Smt. Vidadala Rajani, Principal Secretary of Health Sri. M. T. Krishna Babu, IAS, & MD of APMSIDC Sri D. Muralidhar Reddy, IAS.

As a result of the herculean efforts by the leadership of GMCANA, we received a new GO (#131) and signed the MOU between the government of AP and GMCANA in June 2022. We are fortunate to identify Mr. Gowtham Koduru as PMC for this project, who has coordinated the bidding process for the project. GMCANA was able to select a trustworthy contractor, SGD Constructions lead by Mr. Vikram Misra, Capable vendors and durable & aesthetic materials that shall results in a high-quality, functional building meeting to the international standards. The construction was restored following the Bhoomi puja on Oct 5, 2022. GMCANA appreciates the cooperation of GGH superintendents, Dr. Y. Kiran Kumar and Dr. N. Prabhavathi during the construction. The total cost of the construction is estimated at about Rs. 100 Crores. GMCANA had a huge task of raising a total of \$12 million to complete this project. With confidence from our previous philanthropic commitments, we had faith that our alumni friends would come forward with support and donations to complete this worthwhile project on time.

Dr. Uma Gavani ('65), who has been involved with GMCANA in different leadership capacities since its inception, came forward with her great philanthropic heart to donate \$2.5 million dollars for the project in honor of her late husband Dr. KANURI RAMACHANDRA RAO. Thanks to the generous & Significant contributions of Dr. Nalini & Venkat Tella, Mrs. Vedavathi & Dr. Venkateswara Rao

Movva, Dr. Rama Devi Kondragunta in memory of her late husband Dr. Venkata Rao, Sri. T. K. Rao in memory of Dr. T. Madanmohan, & Mrs. & Dr. Sudha & Gopala Rao Tatineni in memory of Dr. Nutakki Venkateswara Rao have donated for the naming rights of different floors. Appreciate significant contributions from Mrs. Jayasree & Dr. Prasad Podila ('81), Drs. Lakshmi ('68) & Veeraiah Choudary ('64) Perni, Drs. Umalakshmi ('76) & Rajakumar ('74) Thotakura, Drs. Lakshmi ('66) & Choudary Ganga, Mrs. Saraswathi & Dr. Subbarao Uppuluri ('63) and Drs. Sulochana ('67) & Ramaraja Yalavarthi ('67) who came forward with major donations. GMCANA appreciates the efforts of Dr. Sambasiva rao K ('64) & Dr. Prabhakar B ('62) who are motivating their classmates to open their hearts to the project. Dr. Gopichand Mannam ('75) has pledged to raise significant amount of money from his classmates in addition to his passionate dedication to help the cause, by coordinating complex discussions and high-level negotiations needed to make this KANURI-GMCANA MCH building a reality.

True to our mission, GMCANA has contributed significantly to the improvement of education and health care facilities at GMC/GGH for over 3 decades. Our alumni have set the precedent with the GMCANA auditorium in 2005, and in an unprecedented public-private partnership, the PODILA PRASAD-GMCANA SUPER SPECIALITY AND TRAUMA CENTER in 2014. This has become the hub of advanced health care interventions including heart and kidney transplants along with hundreds of Cardiovascular, orthopedic and neurological services at GGH in a very

short time. So far, we raised close to \$9 million, and still need \$3million more to successfully complete the construction of the KANURI-GMCANA MCH project. GMCANA leadership sincerely appeals to our alumni to consider this worthy cause and donate generously to serve the healthcare needs of patients in our home state. It is hard to imagine completing any project without the support and passion from our coordinators in Guntur, Drs. V. Balabhaskara Rao & P.V. Hanumantha Rao. We hope to see that all our alumni respond to reaffirm our commitment to our alma mater so that we all can feel proud of our contributions that can change the health of women and children seeking care at our alma mater, GGH. Please contact your classmates and friends and encourage them to support this worthwhile project. All donations above \$2000 will be appropriately recognized in the new project. Individual naming rights to specific areas of the building are coming to close. Please review the enclosed list for available areas. Our commitment and dedication are unparalleled and proof that "We Care" as our logo of GMCANA depicts.

We like to extend our heartfelt appreciation for those that have come forward with the donations. We need help from those that are still deciding to come forward to commit to complete & dedicate this KANURI-GMCANA MCH project to GGH. As always, every penny donated goes directly to the project.

All donations to GMCANA are tax deductible in USA and

tax exempt in India to the fullest extent allowed by law. Those approaching required minimum distributions age of 72, may donate from your retirement account (QCD) with significant tax benefits. Appreciated stock donations are a great way to contribute, as it gives the donor tax shelter, when donated to nonprofit organizations like GMCANA. GMCANA has a GMCANA-GMC charitable Trust in India, that is approved by the Government of India under section 80-G of Income Tax Act that allows for a Tax deduction in India. GMCOSA & GMCANA would like to thank all the donors who have already come forward and showed their generosity.

Those residing in India, please send your tax-deductible donation made payable to GMCANA-GMC charitable Trust and mail your check to GMCANA auditorium, Guntur Medical College, Kannavari Thota, Guntur, 522004.

For those living in USA, please send in your donations/pledges/appreciated assets/QCD/IRA to utilize tax deduction to the full extent allowed by law and check payable to "GMCANA" with "KGMCH" in the Memo and mail to: Dr. Siva Kumar Muddana, Treasurer GMCANA, 8905 Aleesa CT, NE, Albuquerque, NM 87113

Thank you all in advance!

Ravikumar Tripuraneni ('71)

Major Donors for MCH Centre

Dr. Umadevi Gavini & Dr. Ramachandra Rao Kanuri

We could not have done it without you....

Umadevi Gavini ('65) is synonymous with utmost dedication, diligence, efficiency, and perfection in all matters related to GMCANA. She has spearheaded GMCANA projects since inception. Umadevi steps in whenever we hit a roadblock to our endeavors at the ground level. Without her timely intervention, we could not have started GMCANA auditorium, Podila Prasad Super specialty & Trauma center and the mega project Kanuri Ramachandra Rao MCH Center.

When GMCANA agreed to take up the construction of MCH Center entirely with funds raised from our alumni, Umadevi graciously came forward with the anchoring donation of \$2.5 Million in memory of her husband Dr. Ramachandra Rao. She spends enormous amounts of time dealing with the architects, designers, and contractors of all our ventures to make sure they meet our specifications. She pours over the plans in extreme detail until they are user friendly and cost effective.

Umadevi served GMCANA in many capacities, as President 2006-2008, Trustee, treasurer and many more. The pictorial "Trip down memory lane" by her at our Chicago reunion in 2002 was a sensational hit. Umadevi has a very busy Allergy & Immunology practice in Chicago but provides a lot of behind the scenes support to all GMCANA's endeavors.

Dr. Ramachandra Rao practiced Anesthesia and pain management in Chicago for over 3 decades. He wholeheartedly supported Umadevi's enormous contributions of time and monetary help to GMCANA. He was an avid golfer and sports fan. He was highly regarded by his colleagues and enjoyed the wide circle of friends. He supported several organizations locally and back home.

It is a fitting tribute to name the MCH Center building after Dr. Ramachandra Rao.

We have an opportunity to end preventable deaths among women and children, to greatly improve their health and wellbeing, and to bring about the change needed to shape a prosperous and equitable future of many.

Dr. Nalini ('68) and Venkat Nalluri

generously donated \$1,000,000 towards the Kanuri Ramachandra Rao-GMCANA MCH Center at GGH.

Nalini is from Repalle mandal in Guntur district. She completed her postgraduate training in Internal Medicine at University of Minnesota in Minneapolis. She is retired after 35 years of private practice in Kansas City, MO. She served as medical director and consultant for nonprofit medical clinics. She is working part time as a medical consultant.

Venkat is from a small farming town in Madhira mandal, Khammam district. He graduated from Osmania University with an Engineering degree and received his MS in Aeronautical Engineering from the University of Minnesota and MBA from Kellogg School of Business, Northwestern University. Venkat started his career as an aerospace product design Engineer at Eaton Aerospace corp. He retired as VP and General Manager of a large segment of B/E Aerospace. Currently, he is part of a Biomedical startup company Molekule in Tampa, FL.

Nalini and Venkat have two children. Mallik is an Orthopedic surgeon and Swathi a critical care Anesthesiologist in Portland, Oregon. Nalini and Venkat, through their family foundation Tella Nalluri Family foundation (TNFF), have been involved in various philanthropic activities in the US and in India for over 30 years. They focus primarily on improving health, education and wellbeing of underserved / disadvantaged women, children and families. They have taken up and supported many worthy projects in their hometowns and with national and international organizations.

Nalini and Venkat feel proud to be part of the MCH initiative, which will help fill the gaps in the health care of many families in and around Guntur. GMCANA sincerely appreciates their very generous donation to make Kanuri Ramachandra Rao GMCANA MCH Center a reality.

Dr. Rama Devi Vasireddy - Kondragunta ('68)

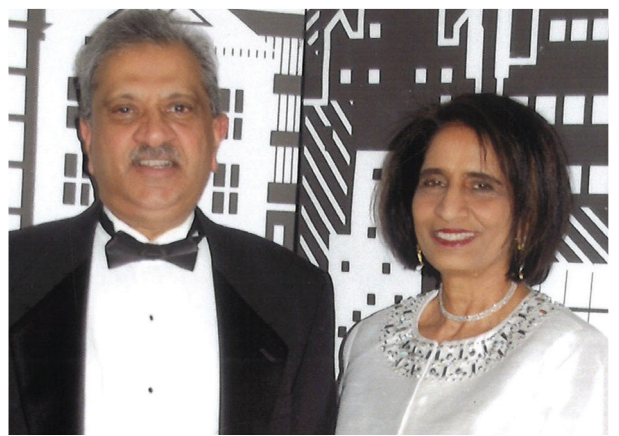

In memory of her late husband Dr. Venkata Rao Kondragunta ('68), Ramadevi generously donated \$500,000 towards the Kanuri Ramachandra Rao- GMCANA MCH Center at GGH. They both have been ardent supporters of GMCANA for a very long time and contributed to several other philanthropic activities over the years.

Venkata Rao did Internal Medicine, Pulmonary and Critical Care Medicine fellowships in Chicago. He practiced in Peoria, Illinois for many years before moving to Flint, Michigan in 1992. He practiced Pulmonary and Sleep medicine at McLaren and Hurley Hospitals. He served as chairman of the Department of Medicine, President of Genesee County Medical Society, and on the Michigan State Medical Society Board of Medicine. He was an active member of the IMG section of AMA for many years and served as the chairman. He also served in various capacities in GMCANA, including the Executive Committee and the Board of Trustees. He is well known for his outspoken nature and straight forward approach. He passed away unexpectedly on June 3, 2023.

Rama Devi completed anesthesia residency in Chicago, and practiced in Peoria, IL for many years. She is currently working as a pain management specialist in Flint, MI. Rama and Venkata Rao traveled extensively and participated in almost all our Reunions. They have two children Hima and Bharath, and two grandchildren Naveen and Sachin.

GMCANA Board of directors and Executive committee gratefully appreciate the generous contribution and will be acknowledged appropriately in the majestic MCH building.

Ramadevi generously donated to the Publication of this souvenir also

Dr. Venkateswara Rao Movva & Vedavathi

Movva Venkateswara Rao was born at Sivapuram, a farm town close to VentrPragada in Krishna district. He completed medical school at Nehru Medical College and finished internship at GMC. He also did a year of PG training in Physiology. He has strong affinity to GMC and is inspired by the work done by GMCANA.

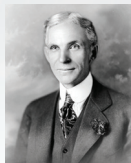

He married his wife Veda in 1973 and immigrated to the USA in 1974. He credits his success in life to his father. His mother died from complications during delivery. He lost 9 siblings due to neonatal complications. His father encouraged him to do something to change the maternal and neonatal deaths.

He credits his Father in law Sri Chagarlamudi Gopala Rao and mother in law Bhaktha Priyamba, who helped him to get into the USA.

Dr. Movva did his Internal Medicine residency and Gastroenterology Fellowship at Jamaica Hospital, NY. He had a very successful Practice in Moline, IL, where he built a state of the art Surgical Center. He is a Fellow of ACG and AGA. He is retired from practice and spends time in Chicago, Miami and India. Dr. Movva has a son Arvind, who is a Gastroenterologist and a daughter Shanti, who is also a successful entrepreneur.

Dr. Movva is a Philanthropist and helped many projects at his village of VetraPragada. Pursuing his father's wish, he decided to help build Dr. Kanuri Ramachandra Rao GMCANA Maternity and Child Health Centre. He made a magnanimous donation of over Half Million dollars for this cause. The entire first floor will be named after his dear parents.

Prasad Podila, MD (1981)

"To do more for the world than the world does for you - that is success."

- HENRY FORD

Dr. Telikicherla Madan Mohan

Dr. Telikicherla Madan Mohan was born on February 3, 1937 in Guntur. He joined Guntur Medical College in 1955 and graduated in 1961. He did his MS in Orthopedic Surgery at King George Hospital in Visakhapatnam. He came to the US in 1966 to do residency in Orthopedic surgery at Albany Medical Center, Albany, NY and later at Ellis Hospital in Schenectady, NY.

Dr. Madan Mohan returned to India in 1969 and worked as an Orthopedic Surgeon at the Nizam Institute, Hyderabad. He married Dr. Gundimeda Kanaka Durga (also from GMC) and returned to Albany in 1973. He switched to Rehabilitation and worked at Kings County Hospital, Brooklyn, and Barnes Hospital in St. Louis. Since 1977, he worked at Detroit Medical Center and Wayne State University in the Rehabilitation Surgery Group while Dr. Kanaka Durga worked at Wayne State University and VA Hospital until she passed away in 1993.

Even after retirement, Dr. Madan Mohan was actively working on computer animation models to study human anatomy. He developed and patented 'Durga Prosthesis' for above knee amputees that significantly reduced hospitalization costs. He was later diagnosed with Parkinson's disease and passed away in November 2013.

They had profound interest in GMC and were active supporters of GMCANA. Their generosity continues even after their death in supporting medical education and patient care in Guntur. We donated \$150,000, and will establish a \$5000 annual Endowment with GMCANA. We are donating a property in Hyderabad worth about \$300,000 to GMCANA. The

members of Dr. Madan Mohan's immediate family are happy to note that a part of their trust proceeds are being put to good use by GMCANA.

Dr. Thomas K. Rao
Chairman/CEO, ILS Research,
Triangle Park, NC 27709

Dr. Nuthakki

It is with immense pleasure and gratefulness that GMCANA receives a very generous gift towards the MCH project in Guntur on behalf of Dr. Nuthakki Venkateswara Rao Garu. His family, Mrs. Beena Nuthakki and Dr. Gopala Rao Tatineni ('64), contributed Rs 2 crores on his 98 th Birthday.

Dr. Nuthakki was the First Chief Coordinator of GMCANA and played a very significant part in the success of GMCANA philanthropic projects at our alma maters. Without his enormous help, many of the major endeavors we have undertaken, including the Auditorium, Podilam GMCANA Super specialty and Trauma center would not be realized. This will be a fitting tribute to name the entire 5th floor in the MCH Center after Dr. Nuthakki.

Dr. Nuthakki Venkateswara Rao Garu, known to many generations of students as Dr. Nuthakki was a vital soul, a kindred spirit and pursued life with enthusiasm and zest. He was born and raised in the village Mandadam in Guntur Dist. His college education was at A.C. College, Guntur. He earned his medical degree from Andhra Medical College in 1951 and obtained his M.S., in general surgery in 1959. He served in the Army Medical Corps as a Major and a classified surgery specialist for two and half years as a volunteer during Chinese aggression. He returned to civil service and served as professor of surgery for 20 years in Guntur and Rangaraya medical colleges. He also worked as superintendent of Govt. General Hospital, Kakinada for two and half years. He trained numerous graduate and postgraduate students in

general surgery during his tenure as prof. of surgery. He was also an examiner to both undergraduate and postgraduate students at various universities in India. Lecturing and writing in national and international conferences and journals, he reflected on the humanity of pain and suffering. He showed great interest in literature, philosophy, and their relevance to modern medicine.

Dr. Nuthakki was the founder of Indian Gerontology Association and made a significant contribution to its development. He was actively involved in regional, national, and international organizations in various capacities. He traveled widely over the globe and one of his visits was to the U.S.S.R in 1985 as a leader of the ISCUS delegation. As a chief coordinator of GMCANA, Dr. Nuthakki provided extraordinary service in obtaining funds, equipment, and completion of various projects. His guidance in our organization and to our leadership is invaluable. His boundless energy and enthusiasm have earned him a fond reference as "Energizer Bunny".

He made several trips to the USA and participated in many GMCANA reunions with contagious enthusiasm. He was admired as a teacher for his affection to his students, and a respected surgeon for his compassion. His contributions to generations of students, to Guntur Medical College, and GMCANA will be remembered forever.

GMCANA extends grateful appreciation of the generous gesture from Dr. Nuthakki's family members in memory of an amazing teacher and mentor.

Congratulations to Dr. Lakshmi Prasad Vemulapalli on successful years of Presidency

Smt. D. Indira Devi, Mother of D.S.P. Ramān (83) donating Rs. 8.32 Lakhs to MCH Center

DONOR CONTRIBUTION FORM

Maternal and Child Health Center at Government General Hospital, Guntur

GMCANA, as the sponsoring organization of this project, is responsible for fund development among its members to fulfill its commitment of the Rs 86 crores needed for the construction of MCHC. As members of GMCANA, every alumnus is invited to be a part of this exciting project by becoming a donor and help to reach our goal. The following categories are identified for individual contributions as well as sponsorship for naming rights.

GRAND BENEFACTORS \$10,000 or Rs 7,50,000 and above
Names of all donors in this category will be listed on the *Wall of Donor Recognition* in the specific category. Donations significantly greater than \$10,000 will be listed in separate categories.

BENEFACTORS \$5,000 - \$9,999 or Rs 3,75,000 - Rs 7,49,925
Names of all donors in this category will be recognized on the *Wall of Donor Recognition*.

DONORS \$2,000 - \$4,999 or Rs 1,50,000 - Rs 3,74,925
Names of all donors will be recognized on the *Wall of Donor Recognition*.

CONTRIBUTORS \$1,000 - \$1,999 or Rs 75,000 - 1,49,925
Names of all contributors will be recognized appropriately.

I am/ we are excited to be a part of **Maternal Child Health Center** as a partner in public private partnership.

GRAND BENEFACTOR \$ _____	Sponsor of Naming Rights Program
BENEFACTOR..... \$ _____	Floor _____
DONOR..... \$ _____	Area _____
CONTRIBUTOR..... \$ _____	Amount \$ _____

Donor Name:	Address _____
Last _____	City _____ State _____
First _____	Zip _____ Phone _____
Middle _____	I/we would like this donation to be listed as: _____
Year of joining GMC _____	

Spouse's Name:	OR On behalf of _____
Last _____	Please make your tax-deductible donation check out to GMCANA with a memo to: MCHC Project
First _____	All checks are to be mailed to:
Middle _____	GMCANA, Dr. Siva Kumar Muddana
Year of joining GMC _____	8905 Aleesa CT NE Albuquerque, NM 87113

PODILA PRASAD GMCANA SUPERSPECIALTY AND TRAUMA CENTRE

Podila Prasad ('81)

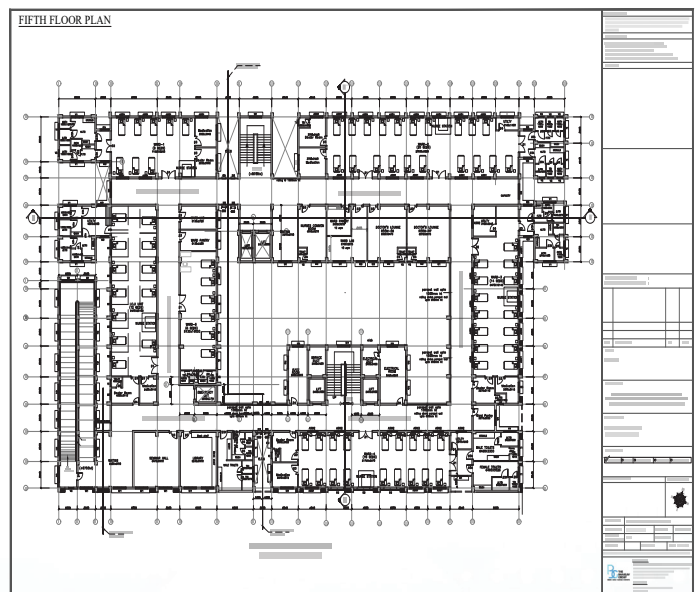

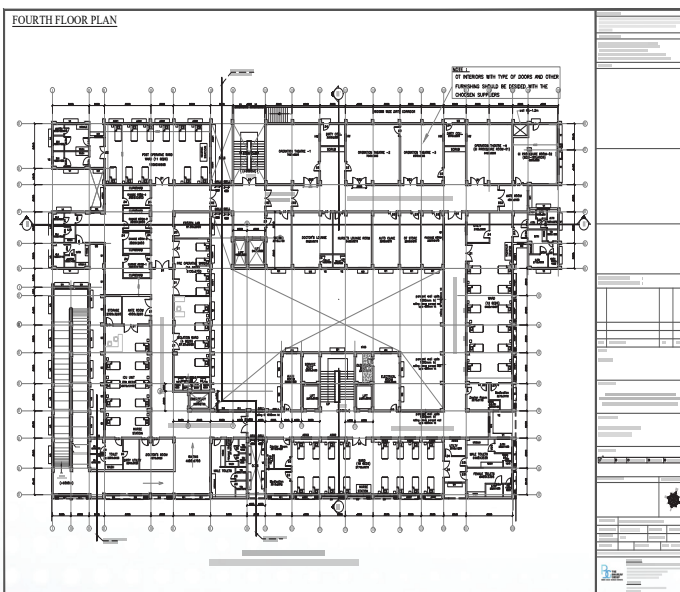

As you all know, GMCANA successfully completed the State of the art Auditorium at GMC in 2005. With that momentum GMCANA envisioned another major project at GGH to bring all specialties under one roof. Podila Prasad-GMCANA Super specialty and Trauma center was conceived to provide specialty services with main focus as a trauma center. The idea started in 2006 to build a cellar and G + 5 floors. Foundation was laid at additional cost to hold all the 6 floors. Owing to the enormous cost increase, a decision was made to build only cellar and G plus 3 floors with plans to expand in the future. This project was marked as the first public private partnership between AP Government and GMCANA and set a precedent for future projects. This center was inaugurated by the then Governor Sri Narasimham in February 2014.

Podila- GMCANA Centre soon became the heart of GGH and started providing state of the art medical care in Neurology, Nephrology, Gastroenterology and Cardiology. With the availability of modular operation theaters, the Cardiology and CT surgery departments were able to do many cardiac transplants as well as numerous cardiac surgeries. Nephrology Dept was able to provide dialysis on three shift basis and urology dept pioneering Kidney transplants. Casualty is providing medical care to 880 to 1000 patients per day. The Neurology Dept and stroke center are one of the best in south India. Joint replacements were done in this facility as well. Recently the Government added 30 additional ICU beds to the Trauma center at a cost of Rs 3 crores.

During Covid -19 pandemic, Podila -GMCANA center was able to provide acute care and saved thousands of lives.

Although this building added more beds and operation theaters for specialty services, there is an acute need for additional beds and also for additional Operation Theaters to improve the care in Gastric surgery, Urology and Plastic surgery. After serious consideration, the Executive committee and Board of Trustees of GMCANA decided to build an additional two floors. After further discussion with HS, DME, APMDC and Present superintendent Dr. Kiran Kumar, our building committee; Dr. Sagireddy and Dr. Tripuraneni were successful in getting a GO and MOU for construction of additional two floors. Bhargava associates who designed the initial civil structure were commissioned to draw the plans for this new addition. Dr. Uma Gavani, who was instrumental in original Podila project plans, is working on these two additional floor plans closely with architects. Keeping in mind the additional patient services, plans were drawn and they mainly include; additional 4 operation theaters, with an option for 2 GI procedure rooms, acute care unit with 12 beds and additional 120 patient beds to accommodate Gastroenterology, Nephrology and Urology departments.

As of now the estimate for construction of each floor is Rs 12 to 15 crores. Government gave a similar GO as the Kanuri GMCANA MCH Centre, in which we can select our own contractor for the construction, saving us a lot of funds. This will bring additional Postgraduate and DM/MCH seats to GMC/GGH. This is inline with GMCANA's mission to advance medical education and patient care at our alma maters.

GMCANA AUDITORIUM UPDATE

Ramaraja Yalavarthi ('67)

GMCANA auditorium is still the crown jewel at GMC, teeming with all kinds of educational conferences, cultural activities, some exams, and student services. It is even rented for local and state community events. The new gate and access road have been a great boon in avoiding disruption to the college. It has been the home for several national and state level conferences. It is heartening to note that annual College Day, Fresher's Day, Graduation Day, and several alumni class reunions are being hosted there regularly. The memorable graduating class photos and reunion pictures on the steps of the auditorium provide an incredible amount of satisfaction to all of us that were part of this mega project. The air-conditioned reading room is very popular with students. We took up some repairs and updates to the AV equipment and changed several light bulbs to LED for improved efficiency. Some cosmetic work and landscaping were done around the building. We have installed an elevator to serve those in need. A dedicated electric transformer is now replacing the need to rely on expensive generators.

Since the historic grand opening during GMC family's first Global Alumni Homecoming (GAH) in January 2005, several hundred programs including national and regional professional conferences, annual meetings and college functions like convocations and fresher's days have enjoyed the beautiful facilities. Many of our alumni have delivered lecture presentations in their fields of expertise. Tripuraneni CME Center is equipped with internet access and subscriptions to multiple medical journals and provides a comfortable and popular study zone. We upgraded many facilities, AV equipment, and added an elevator.

The convocation class pictures of recent years on the front steps of the Auditorium fill our hearts with immense pleasure and gratification to know that the Auditorium is truly serving the intended mission of GMCANA in the form of a modern educational facility that many of us were not privileged to when we were students.

During Covid pandemic period, the activities were temporarily halted, but picked up again in recent times. From 2018 to date, over 100 events took place in the Auditorium and numerous educational activities at Dr. KRR Mohana Rao Seminar Hall. Of note are AP Medical council Zonal CME, Awareness of CPR to High school students of Guntur district by Dr. Lokesh Edara and the Collector, APCOG 2019 OB Gyne state conference, APICON 2019 47th annual conference, and District Court judges' program to name a few.

Several alumni have chosen GMCANA Auditorium as the venue for celebrating their class reunions. Of note are the Golden Jubilees, Silver Jubilees, Ruby Jubilees reunions of alumni from many classes. On a financial note, we are very happy to note that the Auditorium is self-sufficient. We only offer material help with repairs and some areas of upkeep.

*The gift of education we fondly savor
Yearning to return many fold the favor
Reminiscing the good old years so lovely
Fortunate to belong to GMC family
Spreading the wealth of knowledge far and wide*

*Determined to enhance the glory and pride
A long-cherished dream of fifteen years
Fulfilled by generosity of our peers
Shaped this Auditorium with warm thoughts
By all grateful alumni with generous hearts*

GMCANA PROJECTS AT GMC & GGH

It all began with a Xerox machine in 1994. As Dr. Sriharidas Kanuru, the then President of GMCANA, was visiting the college, the GMC leadership impressed upon him the need for a copy machine as one was not available anywhere on the campus. He arranged for an immediate purchase of a ModiXerox tabletop copier with supplies and an extended warranty at a cost of Rs. 1,20,000. On March 24, 1994, the copier was installed in the library where the students could copy materials for themselves and copy and distribute educational materials in the class rooms as well. This was the first direct contribution of GMCANA to GMC. The college collected a minimal fee from users, and that money was used to maintain the copier, which lasted for more than 10 years before a new one had to be purchased in 2006. In many ways, this first project portended the future. GMC/GGH identifies a need, GMCANA strives

From Xerox to MCHC

to fulfill the need and ensures that any purchased equipment has a longterm warranty, GMC/GGH takes care to maintain it efficiently and the users benefit immensely. We have come a long way in the ensuing 28 years with Guntur Medical College Alumni of North America taking on many projects, both big and small, across several departments and areas at GMC and GGH.

Whether it is a copy machine costing only a few thousands of rupees or a modern patient care building costing more than 30 crores, the principle and the mission remain the same – doing our best to ensure that Guntur Medical College and Government General Hospital be the premier modern medical education facilities for undergraduate and postgraduate medical students, staff and community at large.

A consolidated list of these projects follows.

COMPLETED PROJECTS

Podila Prasad – GMCANA Super Specialty and Trauma Center - a state of the art ground plus threestory building housing several Superspecialty units, Modular OTs, Reverse Isolation Room for Cardiac Surgery, Imaging systems, Burn unit, Acute care area and Dialysis Center.

GMCANA Auditorium

- A multipurpose airconditioned building complete with an 850 seat theater, seminar room, new CME Center, three Guest suites and a multipurpose Recreation Center equipped with the latest audiovisual and information technology
- Nuthakki Recreation Center & Gymnasium
- Auditorium Enhancements Addition of a new lift with glass doors Upgrading of flooring on the stage Complete replacement of lighting with LED systems Upgrading of the audiovisual systems including a state of the art LCD Projector Increasing the capacity of airconditioning and power generator systems Addition of an electrical transform-

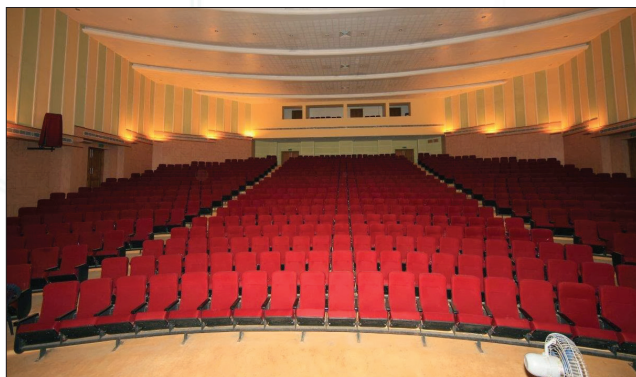

er to minimize the need for electrical generators
Provision of access road to the auditorium

CME Center

- Computers with highspeed Internet connections
- ELibrary
- Educational CDROMs including Textbooks o CDROMS
- Online journal subscriptions
- LCD projector for CME presentations
- Digital Camera
- Xerox multipurpose copier/ laser printer
- Scanner
- Color printer

New Chairs and furniture added in 2021
 GMCANA pays for the electricity bills for airconditioning during the summer months

EDUCATIONAL ENVIRONMENT, Library

- Textbooks and Journals
- Air conditioning of the Library
- Copier
- Independent 80 seat reading room fully furnished
- Post graduate and Journal wing in the Library
- Complete Skills lab with mannequins

Renovation of Old Auditorium

The old auditorium (above the library) was completely renovated and airconditioned. Old seating and furniture were replaced.

Renovation of Lecture Galleries

- Ten classrooms were renovated with painting, repairs of seating, electrical wiring and fans.
- Air conditioning of lecture galleries
- All class rooms were equipped with audiovisual systems, including a CPU, LCD projector, screen and an Audio system

Nursing School

- Educational materials, books, mannequins and models,
- 70 chairs to the nurse's quarters in GGH
- Computer

Anesthesiology

- Several multipurpose Anesthesia monitors to the OR with SPO2, NIBP, ETCO2, Temp.
- Laryngoscopes, LMA/s and supplies to the Anesthesia department
- Computer with printer for Anesthesia department
- Difficult airway equipment
- Anesthesia supplies for cardiothoracic surgery

Cardiology

- Central Monitoring
- Infusion Pumps
- Defibrillators
- Multi Channel Monitor with Multilead ECG, Resp/ SPO2/Temp/ ETCO2
- Three Channel EKG Machine

Clinical Laboratory

- ABG machine, Biochemistry lab with immediate lab results

Equipment for ICU

- Savina Adult/Pediatric Ventilator
- Oxylog –2000 Transport Ventilator
- Schiller ECG Machine
- Drager Single and Double Syringe Infusion Pumps
- Drager Anesthesia Machine and Ventilator

Gastroenterology

- Colonoscope
 - Proctoscope
 - Other Endoscopes
- Establishment of GI Center of Excellence and purchasing necessary equipment

Government Fever Hospital

- Two story additional wing
- Fiber Optic Bronchoscope
- Pulmonary Function testing machine
- Nebulizers
- Bi Pap Machine
- 30 beds with lockers

Ladies Hostel

- Furnishing of two reading rooms with chairs and Tables in the new hostel buildings
- Air-conditioning of the Reading rooms in Gouthami & Kaveri buildings

Nephrology

- Two Hemodialysis Machines for acute treatment

Neurology

- Computerized EEG and EMG machines

- 5 Ventilators for Neuro ICU & Stroke Unit
- 3 Multipurpose monitors
- ECG machine
- Physical Therapy equipment
- Video equipment

Obstetrics & Gynecology

- Ultrasound machine
- Fetal monitors
- Infusion pumps
- Airconditioning of Labor rooms (General and HIV)
- Colposcope, Biological Microscope

Ophthalmology

- Computer

Operating Theatres

- Modular Operating rooms for Transplant surgeries
- Isolation rooms for Heart transplant and other transplant surgeries

Orthopedics

- Drill System

Pathology

- A modern Leica teaching microscope with TV monitor
- Remote display 30" flat panel TV monitor
- Computer room with computer, printer, scanner and digital camera
- Restoration of specimens

Pediatrics

- Neonatal Intensive Care Unit
- Warmers and phototherapy units
- Ventilators
- Incubators
- Nebulizers
- Emergency cart
- Newborn Resuscitation kits
- Pediatric Beds 15

- TVs, VCD player and VCDs
- Water project supplying running water to pediatric ward 24/7
- New 20 bedded, fully airconditioned Pediatric ICU

Surgery

- ENB Sarma Superspeciality Operating Room
- Three Emergency Operating Rooms fully equipped and airconditioned
- Urology endoscopes & equipment
- Electrocautery
- Proctoscope and colonoscope
- Colonovideo scope

Physiotherapy

- Physical therapy equipment

Psychiatry

- Thymatron System IV ECT Machine
- Anesthesia machine to use during ECT administration

Radiology

- 300 MA WiproGE-Xray- image intensifier
- 500 MA Xray plant

- Ultrasound machine
- Fluoroscope

Radiotherapy

- Iridium Brachytherapy Unit
- Radiation Therapy Cesium kits

Trauma Center

- Xray machine to the Trauma Center.

Miscellaneous

- 80 patient beds
- Wheel Chairs and Walkers
- Computerization of old Medical transcripts.
- LCD projectors to Sushrutha Hall at GGH and to Cooper Hall at GMC
- Elevator in College building

ONGOING CME PROJECTS

- Basic and Advanced Life Support (BLS, ACLS and PALS) Training for staff, postgraduates, interns and students
- Endowment Lecture Series in OBGynecology, Surgery, Cardiology, Internal Medicine, Pediatrics, Maternal and Fetal Medicine and Humanities

GMCANA 23rd Endowment Awards

Ravikumar Tripuraneni, (71) Chairman Endowments Committee

The 23rd GMCANA Endowment awards function was held on March 6, 2023 in GMCANA Auditorium along with Platinum jubilee celebrations of Guntur Medical college. Padmasri Dr. Alla Gopala Krishna Gokhale, cardiothoracic surgeon and alumnus of GMC was the Chief guest of honor and presented the awards.

1. Anne Pedagogopalarao and Nirmala endowment fund in Internal Medicine donated by Bellam Siva Prasad and Sai Vijaya.

Established in Jan 2007.

Highest marks in Internal medicine. \$250

Monolapalli Vijaya - 2017 batch

Marks obtained – 232/300

2. Sri Thota Subba Rao & Smt Veera Raghavamma Endowment Fund.

Established by Mrs. Anuradha & Dr. Naga Raja Thota (72). Given to the female student who gets highest marks in Final year exams in

General surgery \$250

Medam Sravani – 2017 batch

Marks obtained – 234/300

3. Smt. & Sri Tulasi Mahalaxmi & Nagabhushnam Goriparthi endowment Fund in Obg & Gyn.

Established by Renuka & Kumar Paka established in September 2006.

Highest marks in Ob & Gyn in Final year \$250

Vemuri Bhavyasri – 2017 batch

Marks obtained – 172/200

4. Smt Devabhaktuni Suguna Endowment Fund.

Established by Mrs. Sita and Dr. Varaprasad Devabhaktuni (66) given to a

female student for highest marks in Pathology. \$250

Pharidam Gayathri – 2019 batch

5. Sri Vasireddy Seetapati & Gowri Devi Scholarship fund

a. Highest ranker in NEET who obtained admission in GMC 2022. \$250

Alaparthy Ruchira Ch. Richa Choudary

b. First in first MBBS. \$250

Deepika G Sarma – 2020 batch.

Marks obtained – 758 / 900

6. Gokaraju Hari Rao Endowment Fund in Anatomy Established by Drs. Asha (74) & Ravi Velisetty in recognition of Dr.G.Hari Rao,

Deepika G Sarma – 2020 batch Marks obtained - 259 / 300

7. Dr. Duggirala Bala Subramanyam Memorial Endowment Fund in Physiology. Established in 2008 by highest score in Physiology examination. \$250

Pulivarthi Omkar

8. Chandrakala, Kavitha & Rajyalakshmi memorial endowment fund in Biochemistry-class of 1988. Established in 2010 highest score in final Biochemistry examination. \$250

Deepika G Sarma – 2020 batch

Marks obtained – 262/300

9.GMCANA Endowment fund donated by Dr. Kanuru Srihari Das – 1960 batch - for academically bright and economically disadvantaged students.

2019 batch : B.Kavya Sri, G.Kavya, A.Gopinath,
D.Naresh Reddy, P.Vishnu

2020 batch : O. Sai Chandrasa, N.Sravani
P. Manjusha, Y. Guru Ganesh
M.Venkata Nagendra

10. Dr.Tummala Ramabrahmam, M.D, memorial GMCANA Research Endowment Fund --\$600

Dr. K. Kaumudi, Assistant Professor, Dept. of Pathology

Co author Dr. C. Padmavathi Devi.

a. "Cervical carcinoma a retrospective study with reference to WHO 2020 classification" This article elaborates the incidence of HPV in cervical carcinoma in our subset of patients. This paper helps in future research by acting as a yard stick in analyzing the trends of cervical -carcinoma in later generation of patients who are HPV vaccinated.

b. "Histopathological study of medicolegal autopsy – a four-year retrospective study from a tertiary level medical college hospital.

11. Anesthesia Endowment Fund : A Grant of Rs 5 Lakhs was given to the Dept of Anesthesia for purchase of essential equipment including, Nerve stimulators for performance of Nerve blocks, Neuro muscular twitch monitors, Laryngeal mask airways, Syringe infusion pumps, Laryngoscopes, flexible bronchoscopes and other equipment.

Achanta Rukminamma Memorial Building

GMCANA 24th Endowment Awards

Ravikumar Tripuraneni, (71) Chairman Endowments Committee

1. Anne Pedagogalarao and Nirmala endowment fund in Internal Medicine donated by Bellam Siva Prasad and Sai Vijaya.

Established in Jan 2007. The award will be given to a candidate who gets the **highest marks in Internal medicine** in Final year exams conducted by the University of Health Sciences. \$250

This year it goes to

Name: Shaik Mohammad Rafi - 2018 batch

Hall ticket number – 18r2163

Marks obtained – 251/300

2. Sri Thota Subba Rao & Smt Veera Raghavamma Endowment Fund.

Established by Mrs. Anuradha & Dr. Naga Raja Thota (72) for an award in the Department of Surgery. Given to the **female student** who gets highest marks in Final year exams in **General surgery** conducted by the University of Health Sciences. \$250

This year it goes to

Name: Yarra Sahithi – 2018 batch

Hall ticket number – 18r2197

Marks obtained – 228/300

3. Smt. & Sri Tulasi Mahalaxmi & Nagabhushnam Goriparthi endowment Fund in Obg & Gyn.

Established by Renuka & Kumar Paka established in September 2006. The award (in the form of a **gold medal** will be given to a candidate who gets the **highest marks in Ob & Gyn** in Final year exams conducted by the University of Health Sciences. \$250

This year it goes to

Name : Sai Geethika Linga – 2018 batch

Hall ticket number – 18r2150

Marks obtained – 167/200

4. Smt Devabhaktuni Suguna Endowment Fund.

Established by Mrs. Sita and Dr. Varaprasad Devabhaktuni (66) given to a **female student** for highest marks in **Pathology**. \$250

This year it goes to

1. Name : Deepika G Sharma – 2020 batch

Hall ticket number – 20r2057

2. Name : Sankula Bhavana – 2020 batch

Hall ticket number – 20r2195

Marks obtained – 237/300

5. Sri Vasireddy Seetapati & Gowri Devi Scholarship fund :
a. Highest ranker in NEET who obtained admission in GMC 2023.
\$250

Name : Darapuneni Rithika – rank – 6852
 Neet Roll No : 1201080199

Name : Vemulapalli Shanmukha Siva Sai Priya – rank – 1930
 All India quota – H.t. No : 12010150139

b. First in first MBBS. \$250

Name: Tammiseti Sasisekhar – 2021 batch.
 Hall ticket number – 21r2207
 Marks obtained – 704 / 900 (237(A) +219(P) +248(B)

6. Gokaraju Hari Rao Endowment Fund in Anatomy

Established by Drs. Asha (74) & Ravi Velisetty in recognition of Dr. G. Hari Rao, beloved Professor of Anatomy. Award to the best student in **Anatomy** at GMC, based on the highest score in the annual examination conducted. \$250

This year it goes to

Name: Tammiseti Sasisekhar – 2021 batch.
 Marks obtained - 237 / 300
 Hall ticket number – 21r2207

7. Dr. Duggirala Bala Subramanyam Memorial Endowment Fund in Physiology.

Established in 2008 by family and friends as a tribute and a memorial in Physiology. An annual award will be given to student with **highest score in final Physiology** examination. \$250

Physiology - Shaik Nikhat Sultana – 2021 batch
 Shaik Asma Sultana – 2021 batch

Marks obtained – 237/300
 Hall ticket number –21r2192, 21r2189

8. Chandrakala, Kavitha & Rajyalakshmi memorial endowment fund in Biochemistry-class of 1988.

Established in 2010 by classmates as a tribute and a memorial in Biochemistry. Award will be given to student with **highest score in final Biochemistry** examination. \$250

Biochemistry - Tammiseti Sasisekhar – 2021 batch
 Marks obtained – 248/300
 Hall ticket number – 21r2207

 Committed to upholding the values of AAPI
 Committed to promoting Diverse
 Perspectives and Inclusivity

Retrospection...

Srihari Das Kanuru

I joined GMC in 1960.

The tuition fees I paid was \$3.00 per year x 6 years= \$18.00. (Rs 1440.00)

AP state subsidized Rs 100,000.00 from the people's taxes. The huge investment laid down on my behalf made me earn 500 times or more as a well-trained physician.

Should I return all or some of the earnings to the people of AP or should I accept it as a charity from it?

Charity!

I asked myself, should I ask my pocket, mind or heart? Shall I give it back as I have more money than I need for me and my family?

My pocketbook is hard to open, maybe not willingly, and my mind questions why I should give it when the people of the state that educated me are not asking even though they were in desperate conditions!

Now it is my heart that must answer!

What do you think and would do if you were also in the same position?

One must answer himself or herself!

As a group, GMCANA is doing a great job, but the overall success depends on INDIVIDUAL COMMITMENT AND LOVE FOR OUR MOTHER INSTITUTIONS THAT MADE US WHAT WE ARE TODAY.

Srihari Das Kanuru (1960)

Infant Mortality Rate : One of the Highest in India :
AP & Telangana 41/ 1000 births,
Jharkhand & Uttarakhand 38 and 44,
Finland 2.3, Canada 4.9, USA 6.1/1000 births

Maternal Mortality Rate : Maternal deaths 178/100,000 live births in India
Andhra Pradesh :134 (Kerala: 81, Tamilandu: 97)
USA: 12/100,000,
Canada: 7/100,000
55,000 women die per year during pregnancy and Childbirth

Reflections

Prabhakar Kunamneni, MD ('87)

Having graduated from one of the leading medical colleges in India, I am filled with a strong sense of nostalgia and appreciation. The recollections of my days spent on that revered campus still hold a special place in my heart, bringing back a mix of longing and fondness for my early years of medical education.

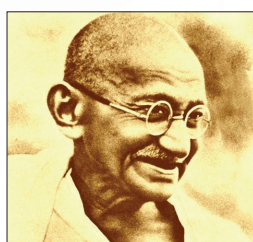

The impressive colonial-era structures, the lively student environment, and the demanding academic program all come together to leave a lasting impression on my memory. I remember with affection the extensive time spent in the library and the excitement of hospital rounds with seniors and professors. Those crucial

years played a significant role in shaping me into the medical professional I am today. The transformative power of our medical college is truly inspiring.

Guntur Medical College holds a special place in our hearts - it was not just a place for learning but also a second home, a challenging environment that tested our abilities and shaped our future. But what really touches me is the significant influence that my fellow alums have on India's healthcare landscape by working relentlessly to build advanced medical facilities which have raised the standard of healthcare and brought hope and healing to thousands of needy individuals. Beyond the personal level, the alum network of Guntur medical college is a powerful professional and social support system. We take immense pride in the accomplishments of our alumni, whose successes are a testament to the high quality of education and the enduring spirit of our alma mater.

As I look back on my journey, I am overwhelmed with a deep sense of pride and gratitude for the institution that has enriched my life in many ways. We carry a weighty responsibility to preserve our college's proud history and pay it forward. These enduring connections between us foster a sense of belonging and unity. We, as a cohesive group, are dedicated to honoring the institution that has bestowed so much upon us.

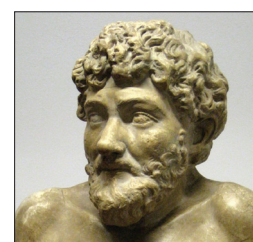

"In a gentle way, you can shake the world."

- MAHATMA GANDHI

"No act of kindness, no matter how small, is ever wasted."

GUNTUR MEDICAL COLLEGE OUR ALMA MATER

Think of our Alma Mater Guntur Medical College, we visualise even in our sleep & dreams, the majestic stone edifice, housing the various pre & para clinical departments, their museums, laboratories, lecture galleries, and the dissection hall, apart from the Principal's office. And there is this beautiful garden with arched walkways, benches, and central courtyard, and of course the massive Biochem & Physiology block, and our favourite

Library building. And thanks to GMCANA, we now have a wonderful indoor auditorium too !!

We were all fortunate to have gotten into GMC in 1978. Medical Course is perhaps the toughest graduation course with as many as 15 subjects, spreading over 5 long years !! And that is also not sufficient. We've to necessarily do some PG in order to succeed in our career. That means a period of almost a decade, the prime time of our life & the formative period !! And thankfully our Alma Mater (Means "Nourishing Mother" in LATIN) true to its name, gives us everything. Education, training, clinical skills, discipline, work ethic, values, friends, and perhaps in some exceptional cases, show the life partner too !! All these are the essential ingredients to keep us in good standing in our professional and personal lives !!

Our Alma Mater always had excellent faculty, vast clinical material, and modern teaching systems.

Speaking of faculty, we were extremely fortunate to have had wonderful teachers in our time. Some people come to mind immediately, because of that strong impression they made on our minds. They taught us, guided us, motivated us, and inspired us in many ways. Bhaskar Rao, Kanthamma, Anasuyamma, Seetha Devi, Indira, Vasudevarao, JP, Annapurnaamma, Venkataratnam, Ranganayakamma, Enoch Prabhakar, Sivarama Prasad, KGK, LakshmanaRao, Subrahmanyam, Gopala Rao, Srikanth, Nuthakki, ENB, NVS, Savitri C, Savitri A, Prasunamba, Ramana Rao, Phanindra Kumar, Vengal Rao, CK Sarma, Brahmanandam and many others !!

Lalitha ('78) & Ravi Pasumarthi (77)

By no means this is a complete or exhaustive list of those superb teachers who had taught us all during our time in GMC. Also several of our seniors who were Postgraduates during that time taught us. And many of us also have become teachers at some stage in our careers, and taught our juniors and students. "Guru-Sishya Parampara" this perhaps is best exemplified in our medical education and medical colleges. And it is such a pleasure to remember all those teachers & reminisce those wonderful moments and memories during this happy occasion now !!

Our GMC library played a crucial role in our learning. It was a major source of knowledge, inspiration, journals, references and many more. Many of us would have wonderful memories and nostalgic feelings about the library, and not all those great memories we have of library may be related to academics.

Many relationships and friendships too blossomed in the library. Jorge Louis Borges' quotation "I have always imagined that paradise will be a kind of a library" aptly

describes our GMC Library !!

Guntur Medical College provided all these to each one of us. And also additionally 100+ excellent friends, as classmates for our 1978 batch. Basically, we are what we are today because of our Alma mater. We can probably never repay the debt we owe to our Alma mater, GMC. No matter what we do !! But that intention of giving something back, and doing some bit within our scope, is good enough indeed !! So, we should all be glad that we have assembled now in GMC for this inaugural function of 'our renovation and upgradation of one of the teaching galleries in the college with the most modern & smart systems' !!

Kudos to our friends in the organising committee & cheers to all !!

In Memorium... Dear Departed

Dr. Sai Kameswara Rao Sista ('59)

Dr. Sai Kameswara Rao ('59) passed away on September 19, 2022, in Orlando, FL. He was born in Maruteru in West Godavari dt of Andhra Pradesh on April 28, 1942.

He was a merit student at GMC and was awarded the Siris Gold Medal in Medicine. He completed MD in Internal Medicine and worked as Assistant Professor at GGH. After emigrating to the USA in '72, he did Internal medicine residency at Grace Hospital in Detroit, MI, and Gastroenterology fellowship at Mt. Carmel Hospital. He had a very successful GI practice in West Bloomfield Hills, MI for nearly 40 years and retired to Florida in 2015.

Dr. Kameswara Rao loved music and films. He enjoyed an excellent memory and loved talking about old movies and music for hours. His other passion was Bhagavad Gita. He taught Gita at Bharatiya Temple in Troy, MI, from 1984-2002. For nearly 40 years, he shared valuable insights into Gita and provided great inspiration to many. Even up to a few days before his passing, he recited the entire Gita from rote.

Dr. Satyanarayana Katamaneni ('60)

Dr. Satyanarayana Katamaneni was born on December 20, 1940 in Tenali, Andhar Pradesh, India, the son of Balakrishna and Kamalamba Katragadda Kantamneni.

He was united in marriage to Dr. Jagadamba Jasti on May 15, 1989 in Keokuk, IA. She survives. Dr. Katmaneni graduated from Guntur Medical College in Guntur, India. He came to the United States in 1970 and moved to Keokuk in 1980. He practiced Psychiatry in southeast Iowa for over forty years. He was Chief of Medical Staff at Keokuk Area Hospital several times. He was a member of the American Psychiatry Association, the American Medical Association, the Iowa Medical Society and Lee County Medical Society. Dr. Satyanarayana Kntamneni of Keokuk, IA died Sunday, November 20, 2022 at his home at the age of 81.

Dr. Murali Sundaram ('61)

Dr. Murali Sundaram ('61) was best known for his distinguished career in musculoskeletal radiology. During his 50-plus year career as a radiologist and professor of radiology, he worked at St. Louis University as chief of diagnostic radiology, the Mayo Clinic, and the Cleveland Clinic. He published more than 330 peer-reviewed journal articles, authored four books, held 135 visiting professorships, and was the editor of Skeletal Radiology for 25 years. As deeply as he loved his work, Murali would always say that the philosophy of Vedanta and his lifelong meditation practice was what guided and sustained him.

Murali was born in Colombo, Sri Lanka (formerly Ceylon) on August 22, 1943. He became well known in India as a junior table tennis champion, ranking as India's junior no. 3 and Ceylon's junior no. 1. Murali continued to play cricket at Loyola College, Guntur Medical College, and even during his training at Royal Manchester Infirmary in Manchester, England.

Many people described Murali as the quintessential gentleman. He loved all sports, ocean swimming, Scrabble, reading, travel, and good conversation. Murali passed away in Las Vegas, Nevada, on July 21, 2023.

Dr. Nirmala Yarra-Karnam ('62)

Dr Nirmala Yarra-Karnam passed away on October 20, 2022.

She was born in Chirala and did her schooling at St Joseph's Girls' Private Boarding School, Guntur. She joined Guntur Medical college in 1962. She did her Post Graduation in Obstetrics and Gynecology from King George Hospital, Visakhapatnam. She worked as Obstetrician and Gynecologist at St Theresa's Hospital in Kurnool, St Joseph's Hospital Guntur and Holy Family Hospital New Delhi before moving to the USA in 1975. She completed her Psychiatry and Neurology Residency program in Philadelphia.

She joined the medical staff as a Psychiatrist in the Trenton State Hospital, West Trenton, NJ in 1980 and worked there for 28 years until her retirement. She held many important positions including the Chief of Staff. She got additional Board certifications

in Addiction Psychiatry, Adolescent psychiatry and Geriatric Psychiatry during that period. She went to work again after her initial retirement as a psychiatrist at different hospitals.

Throughout her career, she was an advocate of patients' and families' rights and safeguarded patients' interests. She took care of patients irrespective of their insurance status and ability to pay. She used to visit patients in poor neighborhoods where other medical personnel would have hesitated to go.

She and her husband were involved in building a school for poor children in the campus of Andhra Loyola College, Vijayawada. They are also in the final stages of completing a Center for Excellence for Rural Students to update their skills to compete with the privileged at Loyola College.

Dr. Vasudeva Prasad Garnepudi ('67)

It is with deep sadness that we announce the passing of Dr. Vasudeva Prasad Garnepudi, at the age of 72 on February 19th, 2024.

Vasudeva Prasad, known popularly as Vasu, was a beloved and respected cardiologist who was known for his compassion, and unwavering commitment to his patients. Born on July 17th, 1951, Vasu graduated from Guntur Medical College and went on to establish a successful career as a cardiologist in Houston, Tx. He was an extremely bright student and won a gold medal. He was very outgoing and made an impression on his peers.

Outside of his work, Vasu was a loving father and grandfather. He cherished his family above all else. He was survived by his son, Dr. Kevin Garnepudi, daughter in law Shela Garnepudi and grandchildren Sachin and Meena, and a daughter Sunitha Garnepudi.

Dr. Bandarupalli Sambasiva Rao ('67)

Sambasivarao Bandarupalli's ('67) name brings a smile to everyone who knew him. He was always ready to help people, open to educating, and showing care to everyone. He could light up a room with his dazzling smile and sense of humor and spread his joy to others. He loved GMCANA and had a very strong relationship with his classmates, seniors and juniors. He organized many of his class get-togethers and big reunions with his friends in Guntur, Dallas, and a memorable trip to Sri Lanka with over hundred classmates. He would reach his classmates all over the globe on the phone and would not let go until they responded affirmatively to attending the reunion. His untiring efforts led to a collectible souvenir of his class that includes everyone's information with pictures. He was a member of TANA foundation and worked diligently to create events to bring people together. His passing in March 2020 was a great loss to his friends and family who knew him as a person who they could always rely on for questions, knowing they'd get a genuine response from him.

Dr. Venkata Rao Kondragunta ('68)

Dr. Venkata Rao Kondragunta ('68) passed away on June 3, 2023. He was born on August 5, 1951. He had his high school education in Timmasamudram and studied at Loyola college in Vijayawada. He joined Guntur Medical College in 1968 and landed in the USA in November 1976. Venkata Rao did Internal Medicine, Pulmonary and Critical Care Medicine fellowships in Chicago. He practiced in Peoria, Illinois for many years before moving to Flint, Michigan in 1992. He practiced Pulmonary and Sleep medicine at McLaren and Hurley Hospitals.

Venkata Rao served as chairman of the Department of Medicine, President of Genese County Medical Society, and on the Michigan State Medical Society Board of Medicine. He was an active member of the IMG section of AMA for many years and served as the chairman. He also served in various capacities in GMCANA, including the Executive Committee and the Board of Trustees. He is well known for his outspoken nature and straight forward approach. He had varied interests including music, literature, poetry, philosophy and classical movies. He was a kindhearted person and helped many projects and supported not for profit organizations. Venkata Rao and Rama have been enthusiastic supporters of GMCANA projects all along. Venkata Rao is survived by his wife Ramadevi (GMC '68), two children Hima and Bharath, and two grandchildren Naveen and Sachin. GMCANA extends deep condolences to the family of Dr. Venkata Rao Kondragunta.

The GMC Class of 1964 Salutes the MCH project

The GMC Class of 1964 is proud to announce substantial contributions to the Kanuri Ramachandra Rao GMCANA Maternal and Child Health Center (MCH) at Government General Hospital, Guntur amounting to an impressive total of \$550,000 to date.

We celebrated our 60-year Diamond Jubilee Reunion in Guntur and Chirala on January 17-20, 2024, reflecting on decades of camaraderie and the shared goal of giving back. A year prior to the Reunion, the group set an ambitious target to raise \$100,000 through volunteer donations for the MCH project. We easily exceeded the goal, raising \$120,000 from benefactors in both the USA and India. In December 2023, we sponsored a Seminar Room on the fifth floor of MCH Center with a generous contribution of \$100,000.

Inspired by this success, the group pledged an additional \$50,000 in 2024 towards a Postoperative C-section recovery ward with 9 beds on the first floor.

In addition to the group donations, several classmates made notable individual donations to the MCH project:

Dr Gopala Rao Tatineni and Beena Nutakki: Rs. 2 crores

Drs. Veeraiah Choudary and Lakshmi Perni: \$100,000 towards a Seminar room on the 4th floor

Drs. Sambasiva Rao and Lakshmi Kottamasu: \$50,000 to sponsor the Pediatric Intensive Care Unit

Drs. Ramesh Babu and Lalitha Vemuri: \$30,000 for an Ultrasound room

These collective efforts have resulted in a grand total of \$550,000 in donations to date from the Class of 1964 towards MCH project.

We express our heartfelt wishes for the success of this humanitarian project, hoping it will significantly benefit the local communities and graduate and post-graduate medical education as intended. This initiative stands as a testament to the enduring legacy and altruistic spirit of GMC alumni.

Sincerely,

Sambasiva Rao Kottamasu, MD, FACR

Retired Clinical Professor of Radiology

Central Michigan University (CMU), Mount Pleasant, Michigan

Chairman, CMU Board of Trustees 2012

Chairman, CMU College of Medicine Committee, 2010 and 2011

HAPPY REUNIONS

Ruby Jubilee Reunion of the Mighty GMC Class of '81

By Dr Muralikrishna (1981) from Macherla

Class of 1981

HAPPY REUNIONS

Feb 3-5, 2024

As the sun dawned on the 3rd of February 2024, the GMCANA auditorium at Guntur Medical College was abuzz with a palpable sense of nostalgia. The Mighty '81 Class of GMC had gathered, not just to reminisce, but to celebrate the enduring bonds that have stood the test of time. The reunion, a ruby-tinted reflection of 40 years, saw over 60 members in attendance.

The grand event commenced with the esteemed presence of our very own principal and superintendent, who is part of our illustrious class, added a layer of intimacy to the celebrations. They led us in paying homage to our fallen friends, a poignant reminder of the fleeting nature of life. A walking tour of the college resulted in each step taking us down memory lane. We revisited the classrooms and corridors that once echoed with our youthful aspirations. Group photographs captured the moment, freezing our collective joy in time. The culinary delights of local cuisine awaited us at lunch, a feast that was as much about the flavors as it was about the shared stories and laughter.

The festivities then shifted to the serene Riviera Beach Resort in Chirala. The beach became our playground with activities that unleashed the child within. Group

dances merged into a rain dance, and as the evening sky darkened, a campfire illuminated our faces, each flickering flame reflecting our shared history. The evening was a tapestry of self-introductions, group yoga, and a beach walk at dawn that led into a day filled with cultural programs and fun activities. The gala dinner was not just a meal; it was a celebration of camaraderie, a testament to the friendships forged in the crucible of our college days.

As the 5th of February marked the end of our reunion, we parted with heavy hearts. A few classmates extended the stay with a five-day tour of Rajasthan. The Ruby Reunion was more than an event; it was a reaffirmation of our journey together, a reminder that while we may have taken different paths, our roots remain entwined in the fabric of GMC. We returned home, not just with memories, but with a renewed sense of connection to our alma mater and to each other, a bond that time can only strengthen. Apart from individual donations of over \$600 k to Kanuri Ramachandra Rao GMCANA MCH Center, 1981 batch donated Rs 6.3 lakh collected during the meet in memory of fallen classmates.

డాల్స్ రీయూనియన్

గుంటూరు, రంగరాయ, సిద్ధార్థ వైద్య కళాశాలల 17వ డైవర్సిక రీ యూనియన్ అమెరికాలోని 'డాల్స్' నగరంలో 2022వ సం., సెప్టెంబర్ 3,4 తేదీలలో అత్యంత వైభవోపేతంగా, అంగరంగ వైభవంగా జరిగింది.

దీనికి దాదాపుగా 4400 మంది పూర్వ విద్యార్థులు హాజరయినారు. అప్పుడే కోవిడ్ నుంచి విముక్తులై, కొంచెం తేరుకుని తొలిసారిగా ముఖానికి మాస్కులు లేకుండా ఆనందంగా రీ యూనియన్ కి వచ్చి సంతోషిస్తున్న సమయాన "వాడిన పూలే వికసించెనే, చెరవీడిన మృదయాలు పులకించెనే" అన్నట్లుగా ఆ దృశ్యం కనిపించింది.

మొదటి సాయంసంధ్యా సమయమున మేమందరం పది విలాసవంతమైన బస్సులలో 'సర్కిల్ రాంచ్'కి వెళ్ళాము. అక్కడ గుర్రాలనెక్కి 'కౌబాయిస్' మమ్మల్నందరినీ సాదంగా ఆహ్వానించారు. రాంచి వాతావరణం చాలా ఆహ్లాదకరంగా ఉంది.

మేము అక్కడికి చేరిన వెంటనే చల్లని కొబ్బరిబోండాలు, తాటి ముంజలతో మా ఆతిథ్యం ప్రారంభమైనది. ఆ తర్వాత కనివినీ ఎరుగని రీతిలో ఎన్నో రకాల పదార్థాలతో షడ్రసోపేతమైన కమ్మని విందు భోజననాన్ని మేమందరం ఆస్వాదించి ఆనందించాము. తర్వాత పూర్వ విద్యార్థుల చేత అద్భుతంగా జరిగిన 'సంగీత సాహిత్య సమ్మేళనం' మమ్మల్ని కనువిందు చేసింది.

ఆ తర్వాత జరిగిన డి.కె. కార్యక్రమానికి అనుగుణంగా అందరం నృత్యాలుచేసి ఆనందించి 12గం... సమయంలో హోటల్ కి చేరుకున్నాము.

రెండవరోజున CME మీటింగ్ చాలా అద్భుతంగా జరిగింది. తర్వాత 'మాతా-శిశు సంక్షేమ సంస్థల భవనానికి ఫండ్ రైజింగ్ జరిగింది. దాదాపు నాలుగు మిలియన్ డాలర్లు ఫండ్ రైజ్ చేయడం జరిగింది. ఇది GMCANA చరిత్రలో ఎప్పటికీ ఒక ఆల్ టైమ్ రికార్డు. చాలా సంతోషదాయకం. దీనికి సహకరించిన దాతలందరూ చాలా అభినందనీయులు.'

ఆ సాయంత్రం ఎనిమిది రకాల స్వీట్లు, అనేక రకాల పదార్థాలతో వడ్డించిన కమ్మని విందుభోజనం మమ్మల్నందరిని అలరించింది. ఆ తర్వాత సమ్మోహనంగా జరిగిన 'ఫ్యాషన్ షో' అందరినీ ఆకర్షించింది. దాదాపు 30 మంది వైద్యులు ఈ కార్యక్రమంలో పాల్గొన్నారు.

తర్వాత "కర్మాగ్రఫీ లాస్ ఏంజిల్స్" వారిచే అద్భుతమైన నృత్య ప్రదర్శన జరిగింది. అంతేకాకుండా ప్రత్యేక ఆకర్షణగా అంతర్జాతీయంగా ప్రఖ్యాతిగాంచిన ప్రముఖ వీణా విద్యాంసులు 'శ్రీ ఫణినారాయణ్' ఆరి వీణా వాద్యకచేరి అందరి మనసులని దోచిందనడం ఎంతమాత్రం అతిశయోక్తి కాదు.

ఆ తర్వాత ప్రముఖ సంగీత దర్శకుడు "శ్రీ సాలూరు కోటి" గారిచే సంగీత కార్యక్రమం అత్యద్భుతంగా జరిగి అందరి మనసులని రంజింపచేసింది.

అందరికీ ఇది ఒక మరపురాని, మరువలేని, మధురమైన జ్ఞాపకాన్ని "డాల్స్ రీయూనియన్" మిగిల్చింది. ఇందుకు సహకరించిన, సహాయం చేసిన అందరికీ నా హృదయ పూర్వక ధన్యవాదములు.

- శ్రీనివాసరెడ్డి ఆళ్ల ('83)
